Product Overview

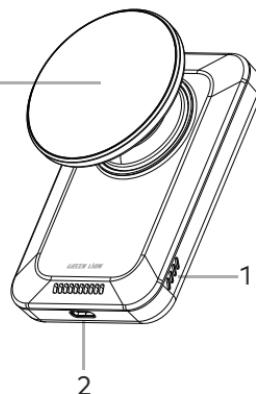

The Green Lion Grip Mag 5000mAh Power Bank is an ultra-slim charging solution designed to keep your devices powered up on the go. It features a secure magnetic hold, ensuring a stable connection to your phone, and is equipped with a built-in pop-out stand for added convenience. This power bank supports fast PD 30W charging and is MagSafe compatible, making it an ideal accessory for your iPhone. With an LED battery indicator, it keeps you informed about the remaining charge. The device also comes with built-in safeguards to protect against overcharging, ensuring safe and reliable use.

Specifications

Model No.	GL-PX92
Battery Capacity	5000mAh, 19.25Wh
USB-C Input	5V/3A, 9V/2A
USB-C Output	5V/3A, 9V/3A, 12V/2.25A, 30W Max
Wireless Output	15W Max
Product Weight	156.5 g
Product Dimensions	23*61.5*97mm

Schematic View

1. Battery Power Indicator
2. Type-C Input/Output
3. Wireless Output

Operating Instructions

1. Press the power button to check the remaining battery level.
2. Power input and output: Use the power cable to connect the power adapter and charge the power bank. To charge your device, connect the power bank to it using the power cable, or use the wireless charger to charge your mobile phone (ensure the device supports wireless input functionality).

Charging the Power Bank

1. Use a Type-C charging cable to charge the power bank.
2. It is recommended to use a power adapter to charge the power bank.
3. You can also connect the power bank to a computer's USB port for charging.
4. After pressing the power button, the LED indicator on the power bank will turn white.
5. During the charging process, the white LED power indicator will blink continuously, and the green LED light will turn on when in fast charging mode.
6. When fully charged, the LED power indicator will remain stable and white.
7. The four LED indicators correspond to 25% ,50% , 75 %, and 100 % of the remaining battery capacity, respectively.

Charging Other Devices

1. Use a power bank to charge your phone.
2. Connect the power bank to your phone using a charging cable, and the phone will automatically charge through the power bank.
3. Place a smartphone with wireless charging capabilities on the wireless charging area of the power bank. Press the power button and wait for about 8 seconds, and the power bank will automatically begin charging

your phone.

4. While charging, the LED power indicator will light up white.
5. When the phone is fully charged, the power bank will automatically turn off within 30 seconds after disconnecting.

Safety Notices

1. The charging time for this power bank is approximately 3-4 hours, depending on the actual situation.
2. If the power bank cannot charge your phone or your phone is not charging through the power bank, check if the connection cable is secure and in good condition. Ensure the charging port accessories are compatible. It is recommended to use a power adapter from a reputable brand to charge the power bank.
3. There may be a conversion rate issue with power banks, meaning the capacity of the power bank does not exactly match the rechargeable capacity.
4. If the power bank cannot turn on due to short-circuit protection from improper operation, please charge it to activate the power bank.
5. Store the power bank in a cool, dry place, keeping the temperature between 10-35°C.
6. Do not drop, disassemble, puncture, or repair the power bank by yourself.
7. Do not expose the power bank to fire, high temperatures, or water.
8. Stop using the power bank if you notice any abnormalities, such as unusual expansion or damage to the device.
9. This device is not suitable for use by individuals with immature physical, perceptual, or mental abilities (including children), or by persons lacking relevant experience and knowledge, unless supervised and guided by someone professionally responsible for their safety. Please ensure that children do not use this device as a toy.
10. Do not leave the product in the car for extended periods, especially when parked in the sun.

11. Do not insert foreign objects into the product's interface.
12. Charge the power bank at least every three months.

Package Contents

Power Bank x1
Type-C Cable x1

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

Warranty

Products that you buy directly from our **Green Lion** website or shop come with a 24-month warranty.

When you buy **Green Lion** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at [**https://www.greenlion.net/warranty**](https://www.greenlion.net/warranty) and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
