Bluetooth	BT 5.1+3.0
Battery	375mAh
RAM + ROM	684KB + 256MB
Working Time	2-3 Days, Standby 10 Days
Storage	1GB Flash
Frequency	192MHz
Charging Time	3 Hours
Waterproof	IP68
Charging Type	Wireless Charging
Product Size	9.5 x 39.8 x 46 mm
Product Weight	55g

## Packing List

Gift box x1

Device x1

Charger x1

## Remark

This product contains a built-in rechargeable lithium battery. Please follow these safety guidelines for battery use:

Do not disassemble, strike, squeeze, or expose to fire.

If the battery is severely swollen, stop using it immediately.

Avoid using the battery in high-temperature environments.

Do not use the product after it has been immersed in water.

Avoid using the product while in a hot shower, bath, or sauna, as vapors can damage the device and its peripheral components. These issues are not covered under warranty.

This product is not a medical device. The health data and suggestions provided are for reference only and should not be used for diagnosis or treatment.

## Setup guide

### 1. Operation Guide

Upper crown: Scroll to zoom in/out on the smart menu or switch the watch faces. Tap the main menu, double tap to switch the menu style.

Bottom button: Hold the button to power ON/OFF the device. A short press will light the screen when it's off.

## 2. Touch instructions

## 3. Watch Face Switch

Watch face: Hold the home screen to change the different watch faces.

## 4. Watch Band

Strap change: Press the back case button with one hand and pull the strap out.

### Charging Instructions

This product supports wireless charging with mobile phone chargers that use 5V and a USB port. Simply place the watch on the charging dock, and it will automatically start charging. Full charge time is about 3 hours.

## 5. Downloading the App

Watch connects to the phone via the GreenLion app. Download the app on your phone first and follow these methods:

Android/iOS Phone: Scan the QR code using your phone's browser or any scanner to download the app, or manually search and download «Green lion» in Apple store or Google Play store.

## Bluetooth Pairing

- A.** Power on the smart watch . Enable Bluetooth on your mobile device by navigating to the Bluetooth settings and toggling the Bluetooth option to "on."
- B.** Search for the device named GL-SWA31 in the list of available Bluetooth connections on your phone. Once it appears, tap on it to initiate the pairing process.
- C.** Pair with the device by confirming the connection when prompted on your mobile device.
- D.** To disconnect:

Select the paired device in your Bluetooth settings list.

Tap on the device name and choose the option to unpair or disconnect from the device.

## 6. Message Settings

### In-App Device Notifications:

Go to In-App → Device → Notifications, select the corresponding Apps, and turn ON the switch.

What if I don't get the notice?

The watch only synchronizes phone notifications from the notification center, such as incoming calls, WhatsApp, etc. If the phone doesn't receive notifications in the notification center, the watch can't receive them either. Ensure that App notifications are enabled in phone settings.

If notifications aren't being received after following the step above, reset the watch to factory settings. Pair your smart watch with your phone again.

If the issue persists after steps 1 and 2, uninstall and reinstall the App. Remember to allow all necessary permissions when the App prompts, then restart the App and reconnect.

### Bluetooth Call Audio:

Bluetooth call audio can be turned off, disabling the ability to make or receive Bluetooth calls. The low-power consumption mode is set by default, which can extend battery life.

### Phonebook:

After connecting to the phone App, you can add up to 100 frequently used contacts to the watch's phonebook from the App.

### Language/Time/Date:

Synchronize the language, date, and time between the mobile phone and the Smartwatch after connecting.

# Product Features

## 1. Main Features

### **Firmware Upgrade:**

When Bluetooth is connected, go to the App, tap Device → Firmware version. The app will notify you if an update is available. During the update, it will show a process bar. It will complete in approximately 5–3 minutes. After the update, reconnect the watch.

### **Call:**

The device supports Bluetooth calls and has the control to make or receive calls. Tap the Bluetooth call icon in the dropdown menu under Settings Bluetooth → search for "GL-SW3T" and connect.

### **Standby Watch Faces:**

A couple of watch faces are available, switching between them by pressing the screen for 3 seconds. The app also allows you to download new faces from the App. Customize your watch faces to suit your style.

### **Standby Watch Faces:**

A couple of watch faces are available, switching between them by pressing the screen for 3 seconds. The app also allows you to download new faces from the App. Customize your watch faces to suit your style.

### **Notifications:**

Syncs app notifications such as Facebook, WhatsApp, SMS, Email, etc., with the Smartwatch. Adjust app permissions and ensure the watch receives notifications.

### **Sleep Monitor:**

The sleep monitor activates automatically from 10:00 PM to 8:00 AM, tracking your sleep. You can check the sleep details directly from the phone.

### **Exercise:**

Select your sport mode and record your workout. Enter the activity, swipe right to start, and track your performance including duration,

calories, and heart rate.

## 2. Additional Features

### Heart Rate Monitoring:

When activated, the heart rate is measured using skin sensors that track changes in blood flow. For optimal accuracy, ensure your skin is clean and dry. Please note: This device is not a medical product.

### Remote Control (Music):

Activate and control music from your phone using the Smartwatch. The device allows you to play/pause music or adjust volume from the wrist.

### Female Period Tracker:

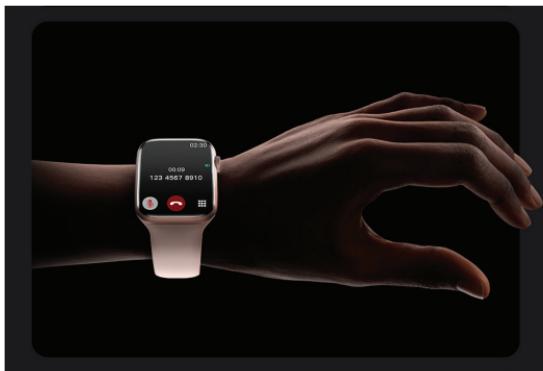

Track your period cycle for better health management and health insights.

### Wrist Wake-up:

Wake up the watch with wrist movement. Note: This may slightly increase power consumption.

## Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

## **Warranty**

Products that you buy directly from our **Green Lion** website or shop come with a 24-month warranty.

When you buy **Green Lion** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at [\*\*https://www.greenlion.net/warranty\*\*](https://www.greenlion.net/warranty) and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
