MagCurve
SUCTION PHONE MOUNT

SKU: PDPH0H3BK

Table of Contents

Product Overview

The Porodo MagCurve Suction Phone Mount is designed for maximum stability and easy one-handed operation. Featuring a rotating base and N52 magnets, it provides a strong magnetic hold and 360° rotation for seamless positioning. The mount is made of durable and scratch-resistant materials, ensuring long-lasting use. It offers an adjustable viewing angle, perfect for a comfortable viewing experience. The mount is compatible with devices ranging from 4.7" to 6.7" in size and can be folded for easy storage. Whether for a car or a desk setup, the Porodo MagCurve is built to provide a reliable and convenient way to hold your phone securely.
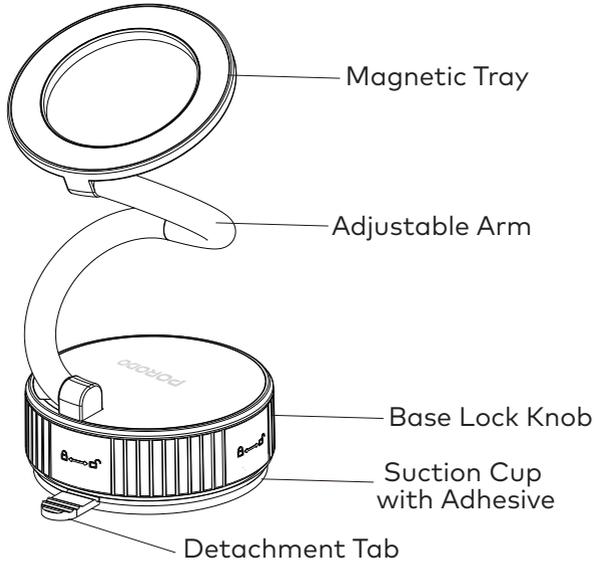

Specifications

Product Design

Magnetic Tray

Adjustable Arm

Base Lock Knob

Suction Cup with Adhesive

Detachment Tab
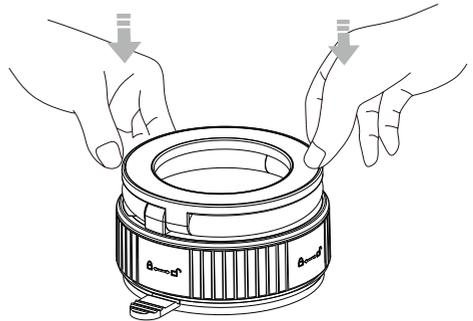

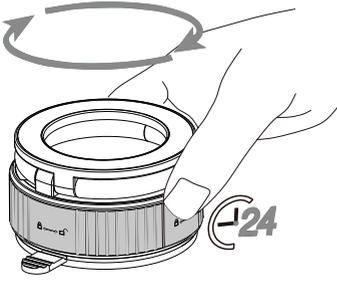

Installation Guide
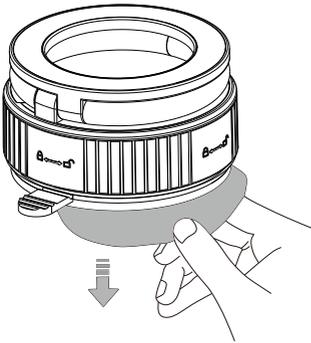

1. Wipe the installation surface clean. Peel off the suction cup's film and press it firmly onto the installation area (e.g. car dashboard, desk).
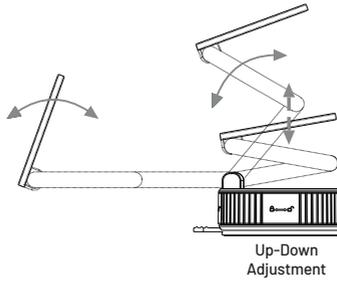

**2.** Press down hard on the base to ensure a stronger adhesion.

Up-Down Adjustment

Rotate left and right

3. Turn the knob clockwise until it clicks to lock.

NOTE: Wait 24 hours after installation for maximum adhesion.

**4.** Adjust the arm to your preferred angle.

Usage Guide

For direct use, the MagCurve is compatible with iPhone 12 or newer models, or iPhones with official MagSafe cases. For other devices, simply attach the magnetic ring to your phone or case (follow the provided instructions). Avoid placing the ring on rough, silicone, or leather surfaces, and do not place it inside multi-layered phone cases, as this may reduce the magnetic strength.
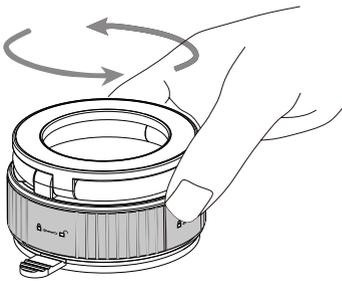

Magnetic Ring Installation

1. Clean the back if your phone or phone case.
2. Peel off the release paper from the adhesive side of the magnetic ring.
3. Align the magnetic ring with the target area and press firmly to secure it.

iPhone 12 or later

MagSafe-Compatible Cases
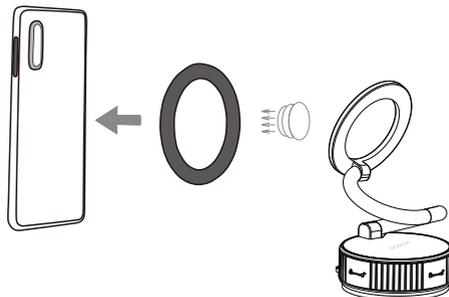

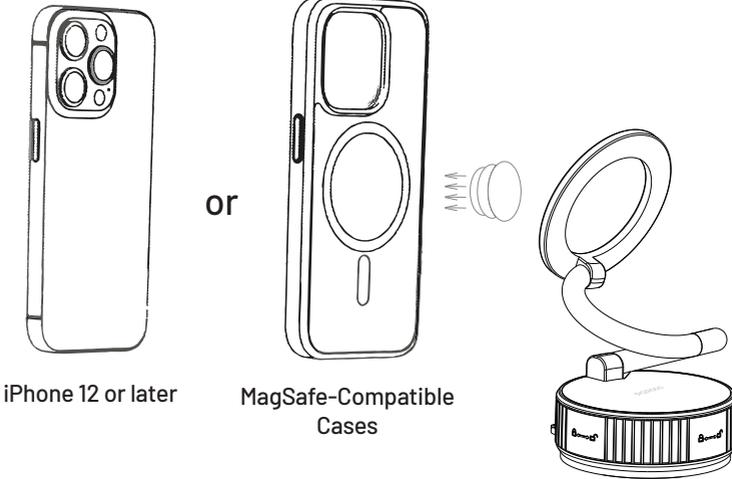

Removal

1. Turn the base lock knob counterclockwise until it clicks (rotate 90°).

2. Firmly pull the side detachment tab upward to detach the base from the surface. Tip: If the suction cup's soft rubber becomes dusty or dirty, rinse it with clean water to restore its adhesion.

Cleaning

If the suction cup's soft rubber gets dirty or dusty, the adhesion may weaken. rinse it with clean water to restore adhesion.

NOTE: When cleaning, only wash the soft rubber suction cup. Avoid letting water enter the mount's interior parts, and do not use cleaning agents.

Safety precautions

The magnetic mount's adjustable arm and tray are made of metal. When exposed to high temperatures, these parts may heat up quickly, potentially exceeding 60°C (140°F), which can cause skin burns. Please follow these precautions to avoid burns:

1. Parking Protection: Use a sunshade or park in shaded areas to avoid direct sunlight.
2. Remove the Mount in Hot Conditions: If your car is parked in direct sunlight, remove the magnetic mount and store it in a cool place.
3. Cool Down Before Adjusting: If the mount becomes hot, lower the vehicle's interior temperature using air conditioning or open the windows. Wait until the metal parts cool before handling.
4. Use Protective Measures: Cover the mount with a cloth or wear gloves when handling it for added safety.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

Warranty

Products that you buy directly from our **Porodo** website or shop come with a 24-month warranty.

When you buy **Porodo** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at **https://www.porodo.net/warranty** and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
