Precautions

1. Keep the Device Dry

If the device gets wet, immediately dry it and store it in a dry place to avoid damage.

2. Avoid Using a Dryer

Do not use a dryer to heat or dry the device, as it may damage or burn the internal electrical components.

3. Keep Away from Direct Sunlight

Do not expose the device to direct sunlight or hot environments, as this can cause overheating and potential malfunction.

4. Handle with Care

Avoid throwing the device, as it may break or become damaged easily. Handle it with care to ensure its longevity.

5. Storage

When not in use, store the device in a cool, dry place, away from extreme temperatures or moisture.

6. Clean Regularly

Dust and debris can accumulate on the speaker. Regularly clean the device with a soft, dry cloth to avoid damage to the surface or internal parts.

7. Avoid Using Sharp Objects Near the Speaker

Do not use sharp objects to clean the speaker or its controls. This can scratch or damage the surface and the buttons.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.
