Product Overview

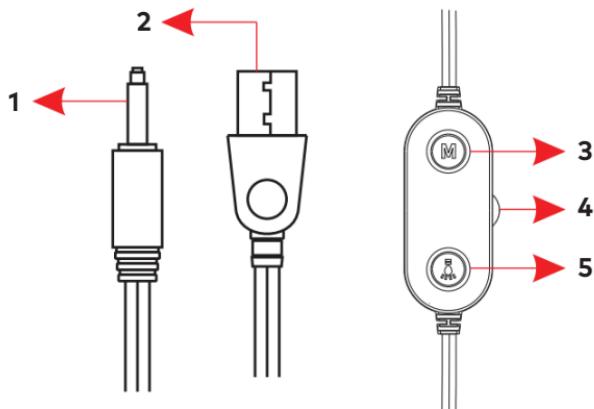

The Green Lion Soundray Gaming Speakers offer an immersive audio experience with Hi-Fi sound quality and vibrant RGB lighting to elevate your atmosphere. Featuring dual speakers, they provide 10W power and come with dual play modes (Gaming and AUX), ensuring a versatile audio experience. The speakers are designed with an in-line control for easy adjustments and use a USB-A interface for plug-and-play functionality. Whether you're gaming or just enjoying music, these speakers deliver a lag-free, high-quality sound experience with an attractive light display, making them the perfect addition to any setup.

Specifications

Model No.	GL-SP28

Product Weight	825 g
Product Dimensions	50*60*280 mm

Product Components

1. AUX Cable Connector

Standard 3.5mm audio input jack for AUX connection.

2. USB Cable Connector

USB-powered (5V/1A input) for charging and operation.

3. Mode Button / Power On/Off Button

Press the power button shortly to switch between AUX/BT mode.

Press and hold the power button to turn the speaker on/off.

4. Volume Control Button

Rotate the wheel to adjust the speaker volume (+/-).

5. LED Light Button

Press the light button shortly to turn the LED light on/off and change the light mode. There are 8 LED light modes. A short press cycles through the modes. After pressing the button 9 times, the LED light will turn off, and after pressing the button for the tenth time, it will turn on again.

Operating Instructions

1. Power On

Insert the USB cable into your computer's USB port or a 5V/1A USB adapter.

2. Audio Input

Connect the AUX cable to your computer or other device's 3.5mm AUX audio jack.

3. AUX Play

Insert both the USB and AUX cables into your computer or other device. The speaker will default to AUX mode, allowing you to play music through the connected device.

4. Bluetooth Play

a. Power on the Soundray gaming speakers. Enable Bluetooth on your

mobile device by navigating to the Bluetooth settings and toggling the Bluetooth option to "on."

- b.** Press the Mode button shortly to switch to Bluetooth mode.
- c.** Search for the device named "GL-SP28" in the list of available Bluetooth connections on your phone. Once it appears, tap on it to initiate the pairing process.
- d.** Pair with the device by confirming the connection when prompted on your mobile device.

5. Power Off

Press and hold the power button to turn off the device, or disconnect the USB cable to power it off.

Precautions

- 1.** If the Speakers get wet due to rain, ensure they are kept in a dry place immediately to prevent damage.
- 2.** Never use a dryer or other heating devices to dry the machine, as high heat can damage or burn the internal electronic components.
- 3.** Do not expose the device to direct sunlight or hot environments, as excessive heat can affect its performance and lifespan.
- 4.** Avoid dropping or throwing the device, as this can lead to internal damage.
- 5.** Store the device in a cool, dry place when not in use, ensuring it is protected from dust, moisture, or extreme temperatures.
- 6.** Keep liquids away from the device to prevent spills that could damage the internal electronics.
- 7.** Regularly inspect the power and AUX cables for signs of wear or damage. Replace any frayed or damaged cables to avoid electrical hazards.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

Warranty

Products that you buy directly from our **Green Lion** website or shop come with a 24-month warranty.

When you buy **Green Lion** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at <https://www.greenlion.net/warranty> and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
