Product Overview

The Green Lion Solar 5-Panel 20000mAh Power Bank is designed for rugged outdoor use with its IP54 waterproof rating, making it a durable choice for all environments. It features five solar panels for efficient solar power input, allowing you to recharge on the go. With QC 22.5W fast charging and 15W wireless charging capabilities, it provides quick and convenient power to your devices. The power bank also includes an LCD battery display to keep you informed about the remaining charge, ensuring you are never caught off guard. Perfect for adventurers or anyone who needs reliable, portable power, this power bank is a smart, eco-friendly choice for on-the-go charging.

Specifications

Model No.	GL-PX27
Material	ABS + PC
Battery Capacity	20000mAh
Solar Power Input	5V/1.6A (8W Max)
Type-C Input	5V/3A, 9V/2A, 12V/1.5A (PD18W)
Type-C Output	5V/3A, 9V/2.2A, 12V/1.67A (PD20W)
USB-A1 Output	4V/5A, 5V/4.5A, 9V/2A, 12V/1.5A (QC22.5W)
USB-A1 Output	4V/5A, 5V/4.5A, 9V/2A, 12V/1.5A (QC22.5W)

Wireless Output	15W Max
Solar Panels	150*60 mm*4 pcs
LED Power	1W
Product Weight	775 g
Product Dimensions	171*98*53 mm

Product Features

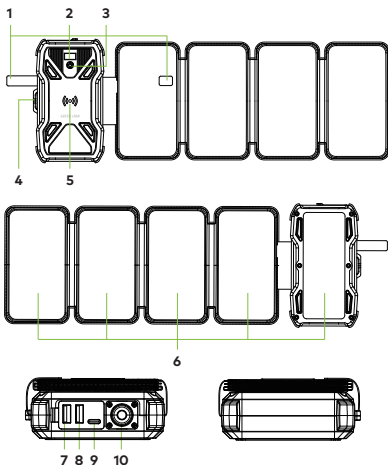

- a.** 20000mAh Large Capacity: This power bank is equipped with a large 20000mAh battery, providing ample power to charge your devices multiple times, making it ideal for extended outdoor trips or emergencies.
- b.** IP54 Rainproof: The power bank is designed to withstand various weather conditions, featuring an IP54 rating, which ensures it is resistant to dust and water splashes, making it perfect for outdoor adventures.
- c.** LCD Display: The built-in LCD screen displays the remaining battery level, providing clear and real-time information on the charge status, so you always know when to recharge.
- d.** 22.5W Fast Charging: This power bank supports fast charging with a QC 22.5W output, ensuring your devices charge quickly and efficiently, saving you time when you need power on the go.
- e.** Sport Portable Hooks: Equipped with portable hooks, this power bank can be conveniently attached to backpacks or other gear, making it easy to carry during outdoor activities such as hiking, camping, or biking.

f. 5 Solar Panels with 8W Power: The power bank comes with five solar panels that provide up to 8W of power, allowing you to recharge it using solar energy while you are outdoors, helping you stay off the grid.

g. 15W Magnetic Wireless Charging: This feature allows you to charge your devices wirelessly with a 15W magnetic charging pad, offering convenience and eliminating the need for cables for devices that support wireless charging.

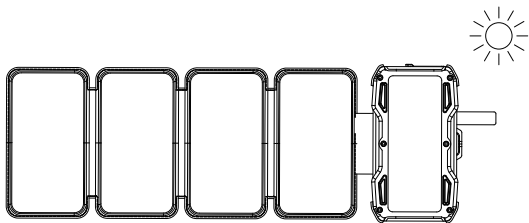

h. 3 LED Modes (Lighting, Flashing, SOS): The power bank includes three LED modes—Lighting, Flashing, and SOS. These modes can be used for illumination, signaling in emergencies, or attracting attention, making it a versatile tool for outdoor activities.

Product Components

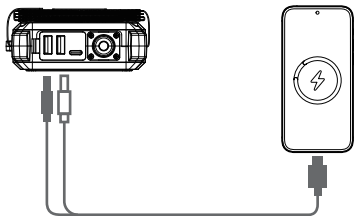

1. Velcro Strip
2. LCD Display
3. Power Button
4. Hooks
5. Magnetic Wireless Charging
6. Solar Panels
7. USB 1 Output
8. USB 2 Output
9. Type-C Input/Output
10. LED Lighting

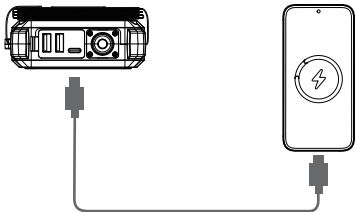

Usage Guide

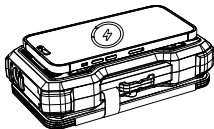

Recharge the power bank by 5 solar panels

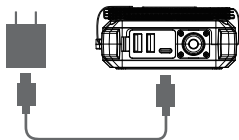

Charge devices by connecting them via a charging cable to USB 1&2 outputs

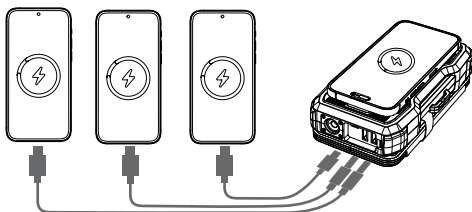

You can also charge devices using the Type-C output (PD 20W)

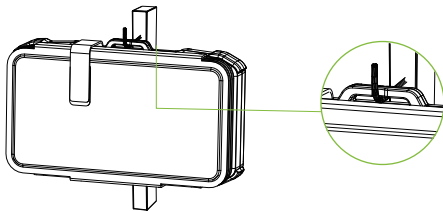

15W Magnetic wireless charging

Type-C 18W Input

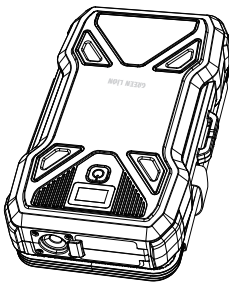

The power bank can charge 4 devices at the same time (When the power bank charges multiple devices at the same time, the power will be reduced to 5V/3A Max).

Supports portable hooks.

ON/OFF Button Functions

1. Press the button to open the display and show the battery percentage.
2. Press the button again to start wireless charging.
3. Double-click the power button to turn on the flashlight.
4. Press the button again to switch to SOS mode.
5. Press the button again to switch to caution light mode.
6. Press the button one more time to turn off the flashlight.

Safety Instructions

1. The full charging time is for reference only; please refer to actual usage for more accurate information.
2. High-quality guarantee, using an A-grade Li-polymer battery cell for this power bank.
3. Use a cable that is compatible with your mobile phone or digital product.
4. Slight heating may occur during charging and discharging.
5. Store the power bank in a dry and cool place when not in use. If not used for an extended period, ensure it is properly stored.
6. Ensure that the Power Bank is fully charged at least every 6 months.
7. Use the cable that came with your Power Bank for charging.
8. Avoid placing metal objects or sharp items next to the Power Bank to prevent scratches or damage.
9. Solar charging is intended for emergency use only.
10. Do not place this product in a closed car.
11. Do not attempt to open or disassemble the solar charger, and never subject it to external pressure or severe impacts.
12. The solar charger is waterproof but should not be immersed in liquid for any period of time.
13. While this device will charge in high temperatures, please note that it should not be exposed to direct sunlight for prolonged periods as it has a maximum operating temperature of 45°C (113°F).
14. Stop using the device if it begins to swell or expand, and contact the local distributor.

Safety Prohibitions

1. Do NOT attempt to open or dismantle the product.
2. Do NOT subject the power bank to flames or extreme heat.

3. Do NOT stand on or apply pressure to the power bank.
4. Do NOT allow children to play with the power bank.
5. Do NOT leave the product in a closed car for extended periods. As the device may charge in high temperatures, ensure it is not exposed to prolonged heat. It has a maximum temperature limit of 45°C (113°F).
6. Stop using the power bank immediately if you notice any swelling or damage, and contact the local distributor.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

Warranty

Products that you buy directly from our **Green Lion** website or shop come with a 24-month warranty.

When you buy **Green Lion** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at <https://www.greenlion.net/warranty> and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
