Product Overview

The Porodo Lifestyle Electric Heated Hair Straightener Comb offers efficient styling with five temperature settings to suit different hair types. It heats up in 30 seconds and reduces frizz by up to 70% . With anti-scald teeth and even heat distribution, it ensures safe and smooth results. The comb also features an auto shut-off function for added safety.

Specifications

Rated Power	33W
Rated Voltage	100-240V
Rated Frequency	50/60Hz
Power Cord	UK 3-Pin Plug
Cord Length	1.8m
Temperature Range	140°C ~ 200°C
Product Size	47 × 54 × 250mm
Net Weight	366g
Model Number	LFS167

Product Features

- a.** 5 Adjustable Temperature Settings: Allows customization of heat according to your hair type and desired style for better control and results.
- b.** Heats Up in 30 Seconds: Quick heating ensures efficient styling with minimal waiting time, saving you precious time in your daily routine.
- c.** Anti-Scald Teeth Comb: The specially designed teeth prevent burns, ensuring safe use and a comfortable experience while straightening your hair.
- d.** Even Heat Distribution: Provides uniform heat across the comb, helping to straighten hair smoothly without hot spots, which leads to a more consistent finish.
- e.** Reduces Frizz by up to 70 % : The comb's heat styling technology helps minimize frizz, leaving your hair looking sleek and polished for a longer period.
- f.** Auto Shut-Off Feature: Automatically turns off the comb after a set period for added safety, preventing overheating and potential hazards.
- g.** Suitable for All Hair Types: Whether you have curly, straight, thick, or fine hair, the Porodo heated comb is designed to work effectively for all hair types, ensuring versatile styling.
- h.** Compact and Portable Design: Lightweight and easy to store, making it ideal for travel and on-the-go styling.

Instructions for Use

- 1.** Prepare Your Hair: Ensure your hair is dry and tangle-free before using the heated comb for best results.
- 2.** Power On: Plug the comb into a power source and press the power button to turn it on.
- 3.** Select Temperature: Use the temperature control buttons to select the appropriate heat setting based on your hair type (refer to the Temperature Guide).
- 4.** Start Styling: Begin by combing small sections of your hair. Glide the comb slowly through the hair from root to tip for smooth results. Avoid pressing too hard on the comb to prevent damage.

- 5. Safety Features:** The comb will automatically shut off after a certain period for safety. Be cautious when using the comb to avoid accidental burns.
- 6. After Use:** Once styling is complete, turn off the comb and allow it to cool down before storing it.
- 7. Storage:** Store the heated comb in a dry, cool place, away from direct sunlight or heat sources. Ensure the cord is neatly coiled to avoid damage.

Temperature Guide

The Porodo Lifestyle Electric Heated Hair Straightener Comb is equipped with five temperature settings, allowing you to select the ideal heat for your hair type:

- a. 140°C:** Suitable for fragile or delicate hair, providing a gentle styling option.
- b. 155°C:** Recommended for fine or soft hair, offering mild heat for smooth results.
- c. 170°C:** Optimal for regular curly hair, ensuring effective straightening with minimal damage.
- d. 185°C:** Designed for heavy, curly hair, providing sufficient heat for thicker hair textures.
- e. 200°C:** Ideal for thick or coarse hair, delivering the necessary heat for effective styling.

Note:

- 1.** For best results and to prevent heat damage, it is recommended to start with the lowest temperature and gradually increase it based on your hair type. Always allow the comb to cool before storing it and avoid using it on wet or damp hair to ensure safe and effective styling.
- 2.** Please select the appropriate temperature based on your hair type for optimal results and to minimize heat damage.

Cleaning and Maintenance

- 1. Power Off and Cool Down:** Before cleaning, ensure the comb is turned off and completely cooled down to prevent burns.

- 2. Clean the Comb Teeth:** Use a soft, dry cloth or brush to gently remove any hair residue or product build-up from the comb teeth. Avoid using harsh chemicals or abrasive materials to prevent damage.
- 3. Wipe the Exterior:** Clean the outer surface of the comb with a damp cloth. Do not use excessive moisture, and never submerge the comb in water.
- 4. Cord Care:** Regularly check the power cord for any signs of wear or damage. Avoid tangling the cord and store it neatly when not in use.
- 5. Storage:** After cleaning, store the comb in a cool, dry place, away from heat sources. Ensure it is completely dry before storing to prevent any internal damage.
- 6. Regular Inspection:** Periodically check the comb for any loose or damaged parts. If any issues are noticed, stop using the device and consult the manufacturer for repairs or replacement.

Safety Precautions

- 1. Avoid Water:** Never use the heated comb on wet or damp hair. Ensure your hair is completely dry before use to prevent electrical shock or damage.
- 2. Supervision:** Keep out of reach of children and never leave the heated comb unattended while plugged in.
- 3. Safe Handling:** Always hold the comb by the handle and avoid touching the heated areas. Use caution to avoid accidental burns during use.
- 4. Proper Storage:** After use, turn off the device and allow it to cool before storing. Store the comb in a safe, dry place, away from heat sources or flammable materials.
- 5. Do Not Use on Damaged Hair:** Avoid using the heated comb on hair that is excessively damaged or chemically treated, as the heat may worsen the condition.
- 6. Electrical Safety:** Only use the comb with the correct voltage and ensure the power cord is intact. Do not use the comb if the power cord or plug is damaged.
- 7. Temperature Control:** Always start with the lowest heat setting and gradually increase based on your hair type to avoid excessive heat exposure.
- 8. Avoid Overheating:** Do not use the comb for extended periods. Allow the device to cool down periodically to prevent overheating.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

Warranty

Products that you buy directly from our **Porodo** website or shop come with a 24-month warranty.

When you buy **Porodo** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at **<https://www.porodo.net/warranty>** and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
