Product Overview

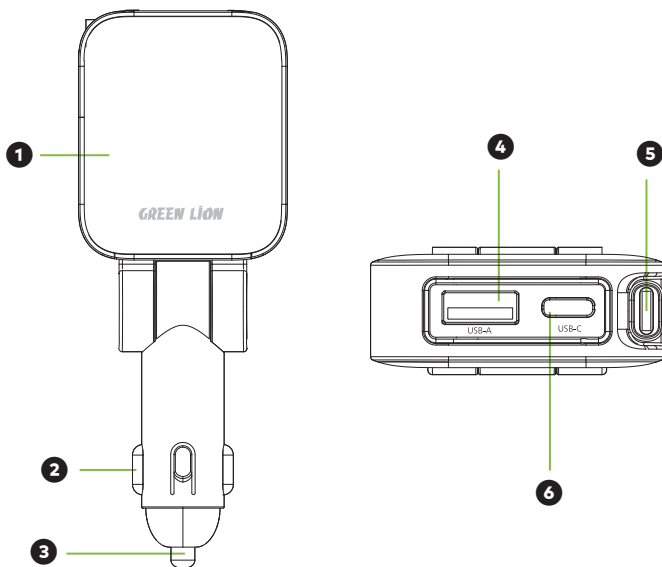

It offers high efficiency and reliability for charging on the move, made possible by the total power output of 72W. This charger features a USB-C and USB-A port for flexibility with different devices. Further adding to convenience, it has a retractable USB-C cable that measures 80 cm in length, enabling storage and ease of access. The flexible design enables the charger to swivel 180° to help place it just about anywhere in the car. Equipped with safety protection and a soft ambient LED light, this product merges practicality with style. Additionally, it supports 45W Power Delivery (PD) to charge devices to 50 % battery level in only 30 minutes, enabling you to get enough power to take you to your destination quickly and efficiently.

Specifications

Model No.	GL-CC27
Material	ABS + Flame Retardant PC
Input	12-24V
USB-C Cable Output	5V/3A, 9V/3A, 12V3A, 15V/3A, 20V/2.25A (PD45W)
USB-C Port Output	5V/3A (15W Max)
USB-A Port Output	5V/2.4A (12W Max)

Total Output	72W Max
USB-C Cable	80 cm
Product Weight	77.3 g
Product Dimensions	21.9*50.6*135.2 mm

Product Components

1. Host

2. Negative contact

3. Positive contacts

4. USB-A charging port

5. USB-C retractable charging cable

6. USB-C charging port

Product Features

1. The compact and sleek design of the charger allows it to take up minimal space, making it perfect for travel. Its portability ensures that it fits easily in your car's storage, bag, or glove compartment, keeping your charging solution organized and convenient.
2. The 80 cm retractable USB-C cable provides ample length for charging your devices while ensuring that the cable is neatly stored away when not in use. The retractable feature prevents tangling and maintains a tidy, hassle-free experience.
3. This charger is built to offer reliable, fast charging while keeping your devices safe. It features built-in safety protection mechanisms, such as over-current, over-voltage, and short-circuit protection, ensuring that your devices are charged efficiently without risk of damage.
4. Constructed from high-quality materials, this charger is designed for long-term use. Its robust build ensures durability and resistance to wear and tear, making it a dependable companion for your everyday charging needs.

Precautions

1. Avoid using this product under conditions of dropping, high temperature, or short circuit.
2. Do not expose the product to fire, and keep it out of the reach of children.
3. Do not allow the machine to rub or collide with hard objects, as this may cause damage to the surface of the product or harm the hardware.

4. Please ensure that the specified voltage (12V-24V) is used with this machine. Using an incorrect voltage may result in abnormal performance or damage to the product.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

Warranty

Products that you buy directly from our **Green Lion** website or shop come with a 24-month warranty.

When you buy **Green Lion** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at **<https://www.greenlion.net/warranty>** and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
