Heat Retention	10-12 Hours

Product Features

- a. ThermoSense Technology:** This innovative feature ensures that the bottle's insulation is optimized for maintaining the temperature of your beverage, keeping it hot or cold for up to 12 hours. The built-in mechanical temperature gauge allows you to easily check the internal temperature at a glance.
- b. 850ml Capacity:** With a generous 850ml capacity, this insulated bottle is perfect for holding ample amounts of your favorite hot or cold drinks, making it ideal for daily use, travel, or outdoor adventures.
- c. Double Wall Vacuum Insulation:** The advanced double wall vacuum insulation is designed to minimize heat transfer, ensuring that the contents of your bottle stay at the desired temperature for extended periods. It also prevents condensation on the exterior, keeping the bottle dry to the touch.
- d. Durable Stainless Steel Construction:** Made from high-quality SUS 316 stainless steel, this bottle offers excellent durability and resistance to corrosion. It's built to withstand everyday wear and tear while keeping your drinks safe and secure.
- e. Travel-Friendly Design:** With its ergonomic handle and sleek shape, the bottle is designed for portability and ease of use while on the go. Whether you're hiking, traveling, or commuting, it's a convenient and reliable companion for hydration.
- f. Leak-Proof and Secure:** The bottle's secure lid ensures that your drinks stay safely inside, preventing any leaks or spills during travel or use. This feature is particularly helpful when carrying the bottle in bags or backpacks.

g. Heat Retention for Up to 12 Hours: Whether you're storing hot coffee for the morning commute or cold water for a hot day, the bottle maintains the temperature for up to 12 hours, ensuring your beverages stay exactly as you prefer throughout the day.

Usage Guide

- 1. Fill the Bottle:** Begin by filling the ThermoSense 850ml insulated bottle with your desired hot or cold beverage. If preferred, use the tea basket to infuse your drink for added flavor.
- 2. Secure the Lid:** After filling, securely close the lid to prevent leaks and maintain the temperature of your drink.
- 3. Check the Temperature:** Use the built-in temperature gauge on the lid to check your beverage's temperature. This allows you to ensure it's at the ideal warmth or coolness.
- 4. Enjoy Your Drink:** The bottle will maintain your drink's temperature for 10-12 hours, ensuring it stays just the way you like it for an extended period.
- 5. Post-Use Care:** Once you've finished, empty the bottle, remove the tea basket, and wash all parts with warm water to keep it clean and ready for next use.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.
