Product Overview

The Porodo Air Mouse Remote Mini Keyboard is a versatile and compact device designed for ease of use with your TV, computer, or other Bluetooth-enabled devices. Featuring 2.4GHz wireless connectivity, it offers seamless control with a 6-axis gyro sensor for precise movement. The mini keyboard is equipped with voice command functionality, allowing hands-free operation for enhanced convenience. With its universal compatibility, it works with a wide range of devices. The Air Mouse also features an RGB backlight, adding a stylish touch while ensuring visibility in low-light conditions. Whether you're browsing, gaming, or controlling media, this remote is the perfect all-in-one solution.

Specifications

Connection Mode	2.4GHz RF Wireless, Bluetooth
Bluetooth Version	5.2
Working Distance	8-10m
Keyboard Layout	English & Arabic
Battery Capacity	Built-in 250mAh
Working Current	<5mA

Calibration Instructions

To adjust the speed of your mouse cursor, you have three available settings. The default is set at Level 2, but you can easily modify it:

Increase Speed: Press [OK] + [Volume +] for 3 seconds. Once the indicator flashes rapidly and turns off, your cursor speed will increase by one level.

Decrease Speed: Press [OK] + [Volume -] for 3 seconds. With a quick flash and the subsequent turn-off of the indicator, your cursor speed will decrease by one level.

Key Operation Guide

()

Press the Fn key to toggle to the red character function. The indicator will light up. Press the Fn key again to revert to the standard function, which will extinguish the indicator.

Backlight Control: Adjust the backlight color by pressing [Fn] + [Space].

()

Speed up your browsing by swiftly entering the '.com' domain prefix and suffix.

How to Use

- 1. Plug in the Receiver:** Insert the micro receiver into the USB port of your device, such as a personal computer, projector, TV box, or home theater system.
- 2. Activate the Air Mouse:** Once the receiver is connected, the air mouse will automatically integrate with your device. There's no need for additional software installation.
- 3. Wave to Control:** Use simple wrist movements to control on-screen actions. The air mouse's gyroscope and gravity acceleration sensor allow for smooth navigation by moving your wrist, bridging the gap between traditional remote controls, computer mice, and gaming controllers.
Enjoy the convenience and futuristic experience of controlling your devices directly from the palm of your hand!

a: 2.4G Mode:

1. Insert the USB receiver into your device's USB port. Wait for 20-60 seconds for the driver to install.
2. If the mouse cursor moves on-screen, the device is connected.
3. If there are issues, press [OK] and [BACK] together. The LED will flash to indicate successful pairing.

b: Bluetooth 5.0 Mode:

1. Turn on Bluetooth on your device.
2. Press [OK] and [Return] together until the LED flashes, indicating pairing mode.
3. On your device, find and select "M5 Keyboard" to pair.
4. Once connected, move the cursor with air gestures.
5. If it doesn't connect, repeat steps 2-4.
6. Reconnection: The device reconnects within 3-5 seconds after disconnection.
7. It remembers only the last paired device. Clear previous connections before pairing with a new device.

LED Functions

- a. The LED turns red while charging and turns off when fully charged.
- b. If the LED flashes red twice per second, recharge your device.

Note: In low battery conditions, the device enters sleep mode every 20 seconds to conserve power

Important Note

Some devices may not support the air mouse function. If the [OK] key doesn't work, try moving the air mouse pointer and try again.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

Warranty

Products that you buy directly from our **Porodo** website or shop come with a 24-month warranty.

When you buy **Porodo** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at <https://www.porodo.net/warranty> and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
