Product Overview

The Porodo Gaming Professional Condenser Microphone (PDX518) offers studio-quality sound for a superior audio experience. Designed with a rotating angle feature, it provides flexibility for optimal positioning. The microphone includes variable gain control, allowing precise sound adjustments, and a touch mute function for quick audio control. With a 3.5mm jack and USB-C port, it ensures compatibility with a range of devices, while its cardioid pattern ensures clear and focused sound capture, making it perfect for gaming, streaming, and professional recording.

Specifications

Diaphragm size	Ø14MM
Transducer	Electret Condenser
Frequency Response	20HZ-20KHZ
Impedance	<2.2KΩ
Sensitivity	-45DB±3DB RE 1 VOLT/PASCAL
Sampling Rate	48KHZ/16BIT
Power Supply	5V/1A

S/N Ratio	72 DBA
Maximum SPL	135DB (1KHZ THD>1%)
Dimensions (L X Diam)	55 X 55 X 107mm
Output Interface	Type-C
Net Weight	82g

Package Contents

Microphone x1

Stand x1

Type-C to USB Cable x1

Type-C to Type-C Cable x1

Product Features

1. Delivers clear, high-quality audio for gaming, streaming, and recording.
2. Adjustable design for flexible positioning to capture sound from different angles.
3. Easily mute the microphone with a simple touch for instant control.
4. Customize the audio input levels for better sound clarity and control.
5. Compatible with a variety of devices for easy connectivity.
6. Modern and fast connection option for seamless use with various devices.

7. Captures sound directly from the front, reducing background noise and ensuring clear audio.

Safety Precautions

1. Keep the microphone away from direct sunlight, heat sources, or areas with high temperatures to prevent damage to the internal components.
2. Do not expose the microphone to moisture, water, or high-humidity environments to avoid electrical malfunctions or corrosion.
3. Always handle the microphone by its base or stand. Avoid holding the microphone by the cable or touching the microphone's sensitive parts to prevent accidental damage.
4. Do not drop or subject the microphone to strong shocks or impacts, as this may affect its performance or structural integrity.
5. Ensure the cable is not twisted or pulled to avoid damage. When not in use, store the microphone and cables in a safe, dry place.
6. Ensure the microphone is connected to compatible devices using the appropriate ports (USB-C or 3.5mm jack) to avoid potential electrical hazards.
7. Always disconnect the microphone from your device when not in use to prevent any potential short circuits or power surges.
8. Clean the microphone only with a dry, soft cloth. Avoid using harsh chemicals or liquids that could damage the surface or the internal components.
9. Avoid opening or attempting to repair the microphone yourself. Only authorized technicians should handle repairs or maintenance.

FCC Statement

1. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference; and
(2) This device must accept any interference received, including interference that may cause undesired operation.

2. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates and can radiate radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for assistance.

RF warning statement:

The device has been evaluated to meet general RF exposure requirements. The device can be used in portable exposure conditions without restriction.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

Warranty

Products that you buy directly from our **Porodo** website or shop come with a 24-month warranty.

When you buy **Porodo** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at <https://www.porodo.net/warranty> and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
