Product Overview

The Green Lion Malibu Wireless Earbuds are designed for users who want effortless audio without cutting themselves off from the world. Featuring an open-ear clip-on design, they deliver clear, balanced sound through an 11 mm driver while keeping your ears comfortable and aware of your surroundings. Bluetooth v6.0 ensures a stable, low-latency connection, and intuitive touch controls make it easy to manage music, calls, and voice assistants on the go. With up to 4 hours of playtime and convenient USB-C charging, the Malibu earbuds are built for daily use, whether you are commuting, working, or staying active, all wrapped in a sleek charging case that reflects Green Lion's smart and modern design philosophy.

Charging Port	Type-C
Charging Time	1.5-2 hours
Playtime	3-4 hours
Playtime with Case	9-12 hours
Standby Time	180 days
Product Weight	34g
Product Dimensions	56 x 48x 35mm

Bluetooth Pairing

1. Turn on the Bluetooth on your phone.
2. Take out the earphones out of their containing case.
3. Search for "GL-TWS92" among the active devices on your phone and select it to pair.
4. confirm the connection on your phone to finalize pairing.

Power Options and Functions

1. Power On: Remove the earphones from the charging case to turn them on automatically.
2. Power Off: If the earphones are turned on but not connected, they will automatically power off after 5 minutes, or you can place them

back in the charging case to shut them down.

3. TWS Pairing: The two earphones will pair automatically once removed from the charging case.

4. TWS Usage: The earphones can be used together as a pair or individually in single-ear mode.

5. Intelligent Dormancy Mode: When there is no connection, the earphones will automatically power off after approximately 3 minutes.

6. Automatic Reconnection: Once the earphones are turned on again, they will automatically reconnect to the previously paired phone via Bluetooth.

7. Automatic Power-Off: The earphones will automatically turn off when placed back into the charging case for charging.

8. Charging Case Status: The indicator light on the charging case flashes while charging and remains solid when fully charged.

9. Earphone Charging: Place the earphones back into the charging case to recharge them.

Button Functions

1. Pause/Play: Tap the multi-function button once.

2. Previous Track: Double-tap the left multi-function button.

3. Next Track: Double-tap the right multi-function button.

4. Volume Up: Triple-tap the right multi-function button.

5. Volume Down: Triple-tap the left multi-function button.

6. Answer Call: Tap the multi-function button once.

7. Voice Assistant: Press and hold the right ear for 2 seconds.

8. Game Mode: Press and hold the left ear for 2 seconds to switch modes.

9. Auto Shutdown: When the earphones are powered on but not connected, they will automatically turn off after a short period.

10. Reject Call: Press and hold the multi-function button for 2 seconds.

11. Battery Display: Supported on iOS devices and selected Android

devices only.

Safety Precautions

1. Keep the product away from water, liquids, and excessive moisture to prevent damage or malfunction.
2. Do not use the earbuds at excessively high volumes for long periods, unless hearing loss is part of a long-term life plan.
3. Store the product out of the reach of children and pets, who tend to test durability in very creative ways.
4. Only use certified or recommended charging cables and power sources to avoid overheating or damage.
5. Stop using the product immediately if it becomes unusually hot, emits an odor, or shows signs of damage, and let it cool before handling.
6. Handle the product with care. Do not squeeze it with heavy objects, and keep it away from high temperatures and high-humidity environments.
7. Keep the product away from Wi-Fi routers and other high-frequency transmitting equipment, as these may interfere with the signal and cause audio distortion or disconnection.
8. Use the product within an effective range of up to 10 meters, and ensure there are no physical obstructions such as walls between the Bluetooth device and the earphones.
9. To prevent charging issues caused by battery dormancy, keep the charging case power level above 20 %.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

Warranty

Products that you buy directly from our **Green Lion** website or shop come with a 24-month warranty.

When you buy **Green Lion** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at **<https://www.greenlion.net/warranty>** and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
