## Product Overview

The Porodo 65W Car Charger with Dual Retractable Cable offers a sleek and efficient charging solution for your devices on the go. Featuring a 12W and 36W output, it provides fast and reliable charging for a variety of devices. The 80cm retractable cable helps keep your space tidy while ensuring convenience and flexibility. With a real-time voltage display, you can monitor the performance of your charger. Additionally, the LED ambient lights add a touch of style and functionality. This charger is universally compatible with most devices, making it an essential accessory for any driver looking to charge their gadgets efficiently while on the move.

## Specifications

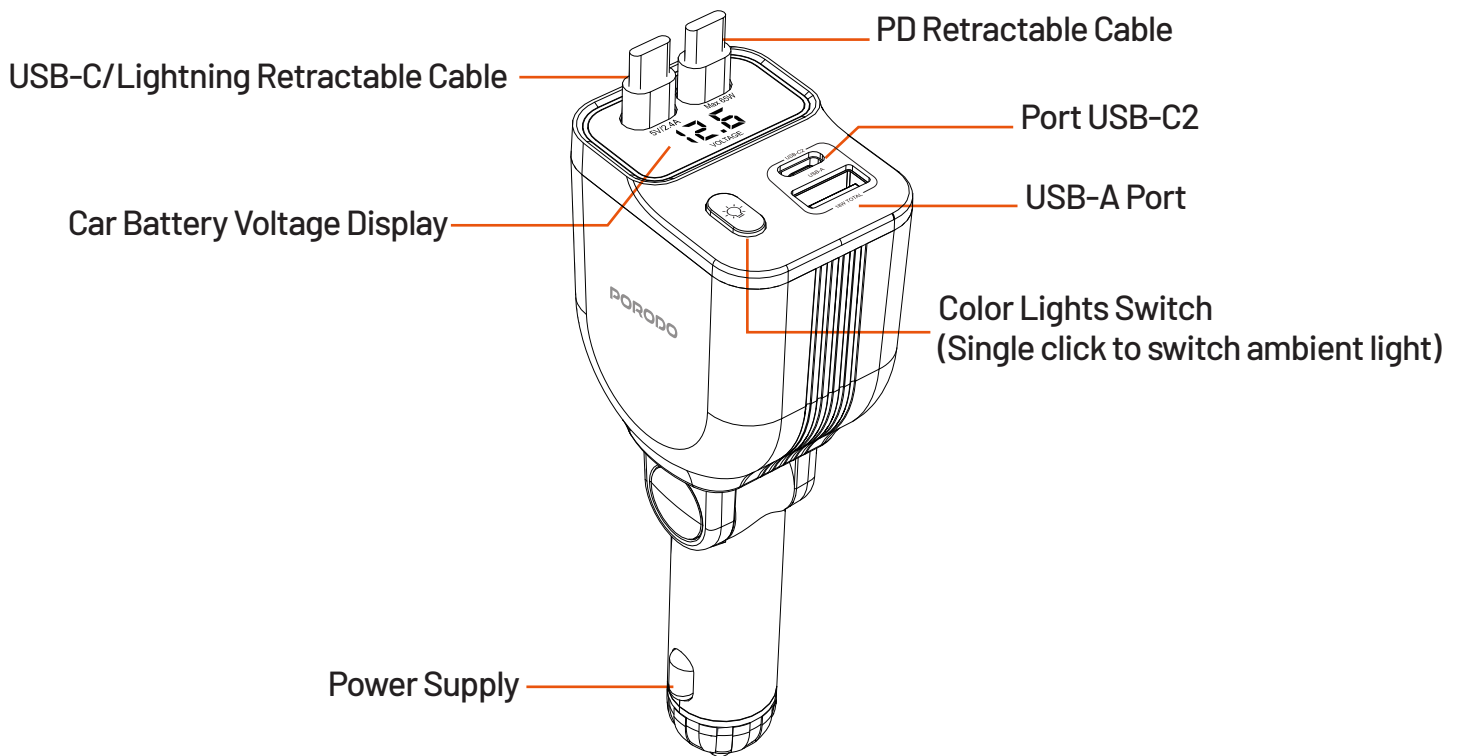

Input	DC 12V/24V
Built-In Type-C Cable	5V/3.0A, 9V/3.0A, 12V/3.0A, 15V/3.0A, 20V/3.25A, 65W (24V), 5V/3.0A, 9V/3.0A, 12V/3.0A, 36W (12V)
Lightning Cable	5V/2.4A, 12W
USB-C Output	5V/3.6A, 18W
USB-A Output	5V/3.6A, 18W
Sharing Output	5V/3.6A, 18W
Cable Length	80cm
Model Number	FWC068

## Product Features

- A.** Stretchable Cable with Independent PD Port: Supports multiple fast charging protocols. Maximum output can reach 65W when input voltage exceeds 20V.
- B.** 80CM Stretchable Cable: Convenient for storage and use.

- C. Multicolored Ambient Light:** Features a one-click switch to turn on/off, with a memory function to recall the last light mode, enhancing your charging experience.
- D. Real-time Car Battery Voltage Display:** Monitors car battery voltage and flashes a reminder when the battery voltage is low.

## Product Design

## Usage Instructions

- 1.** Insert the car charger into the vehicle's cigarette lighter socket. When the vehicle's power is on, the charger's ambient light will activate, and the digital display will show the current battery voltage within the normal range, indicating the charger is functioning correctly.
- 2.** After use, gently pull the charging cable to release it. The cable will automatically retract back into the car charger.

## Safety Precautions

1. Handle the device carefully. Avoid dropping, impacting, or applying excessive force to it.
2. The USB-C port's stretchable cable supports 15V and 20V output, but this feature works only when the input power exceeds 20V (e.g., in large trucks).
3. The ABS case may become warm during high-power charging. This is normal, but avoid covering the device during operation to prevent overheating.
4. If the product will not be in use for an extended period, unplug it to avoid unnecessary power consumption or potential damage.
5. Keep the device away from moisture, heat sources, and corrosive chemicals.
6. Ensure that the power source matches the product's voltage requirements to prevent damage.
7. In case of malfunction or noticeable damage, cease use immediately and contact customer support.

## Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

## **Warranty**

Products that you buy directly from our **Porodo** website or shop come with a 24-month warranty.

When you buy **Porodo** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at **porodo.net/warranty** and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
