## Product Overview

The Porodo OneGear 5000mAh Power Bank is the ultimate outdoor companion, offering multiple functionalities in a sleek, compact design. With a 5000mAh capacity, it provides reliable power to charge your devices wherever you are. The built-in carabiner hook makes it easy to clip onto bags or gear, ensuring it's always within reach. In addition to its power bank feature, it doubles as a flashlight, offering adjustable brightness to meet your needs in low-light conditions. It also includes an arc lighter, making it ideal for outdoor adventures, camping, or emergencies. The device is equipped with a Type-C charging port for fast and efficient charging, adding to its versatility and practicality. Whether you're hiking, camping, or simply in need of a reliable tool, the OneGear power bank offers both convenience and performance in one portable package.

## Specifications

Battery Capacity	5000mAh
Type-C Input/Output	5V/2.4A (12W Max)
Charging Time	110min
Flashlight Working Time	23H (Weak Light) - 11H (Strong Light)
Product Size	34 x 34 x 132mm
Model Number	PDNDC016

## Product Features

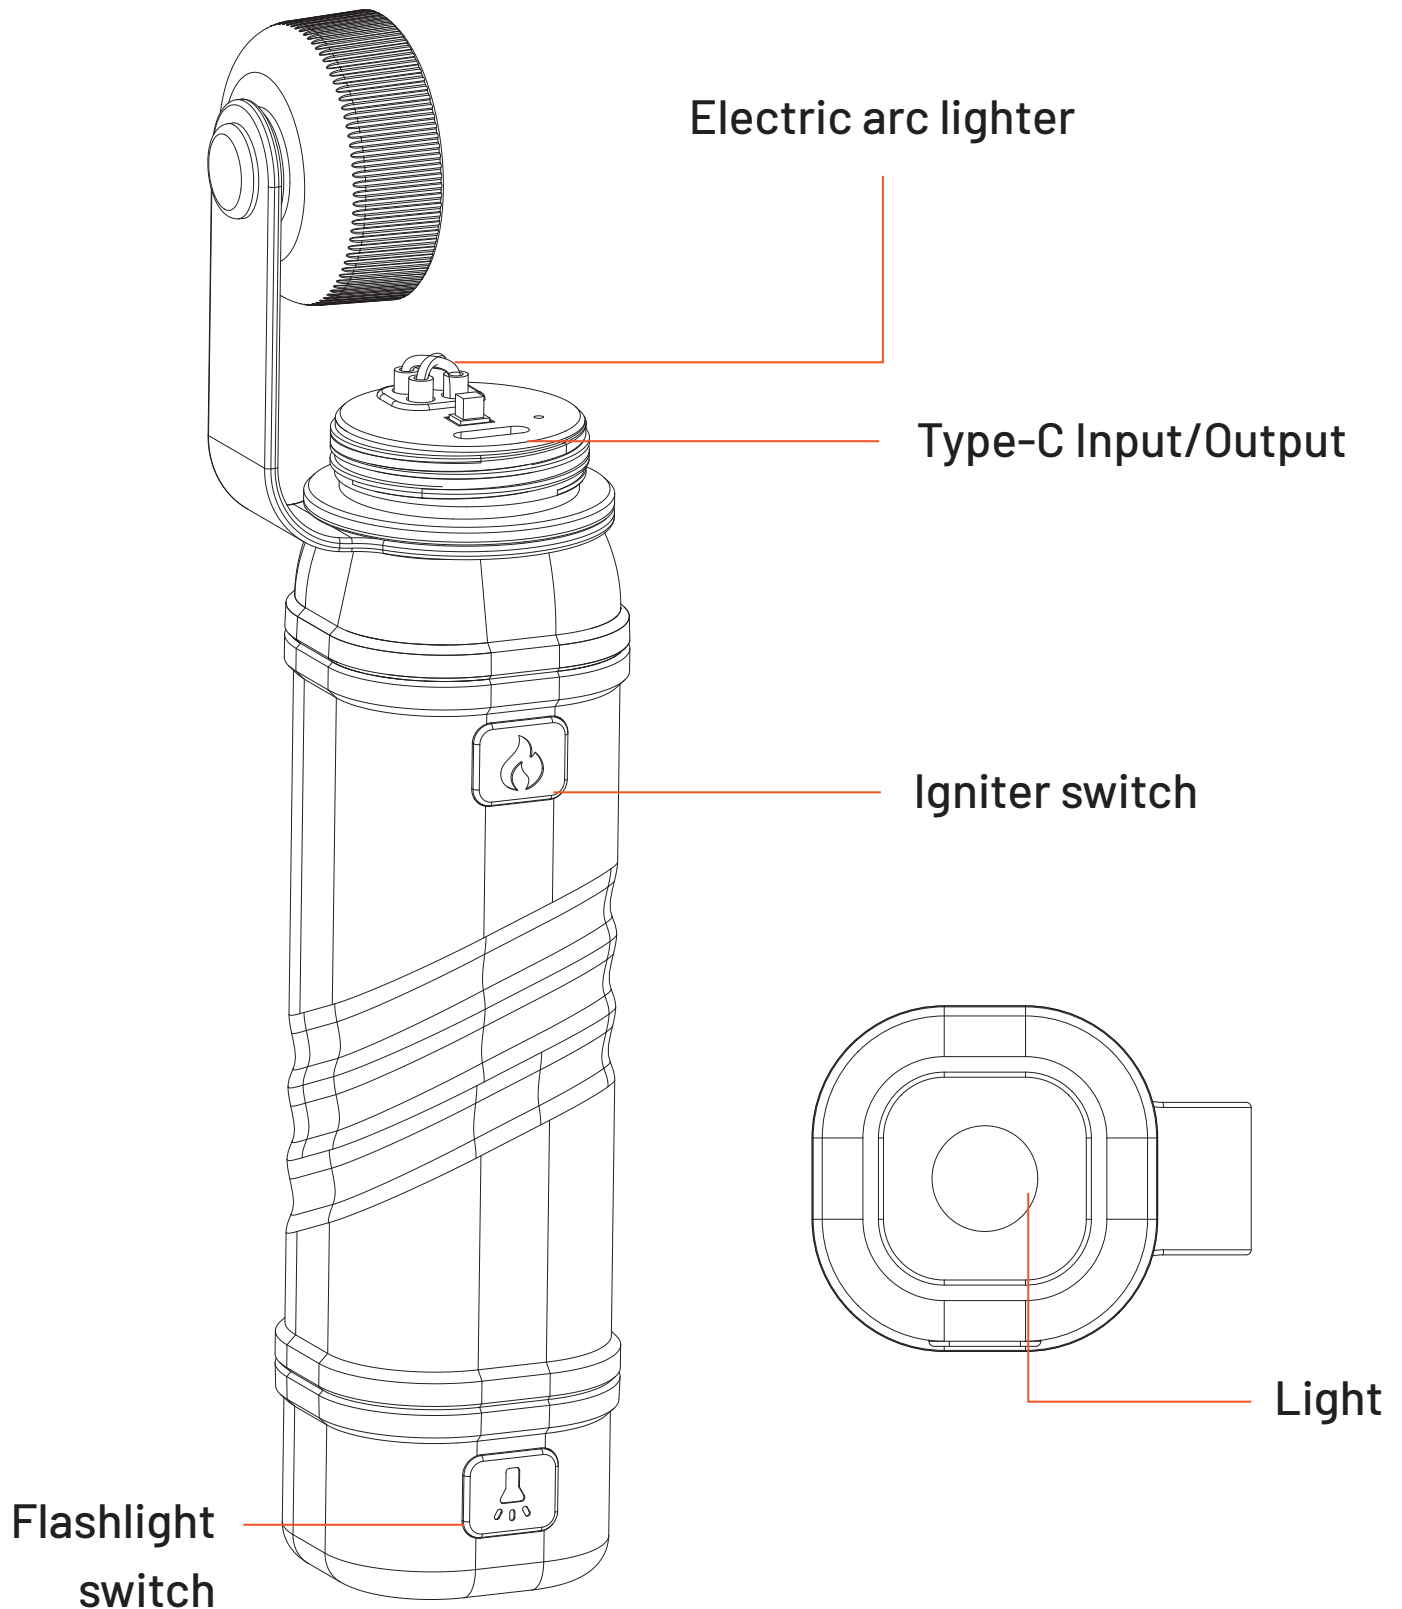

- 1. Compact & Portable:** Designed for convenience, this power bank is sleek and lightweight, making it easy to carry wherever you go. It fits perfectly into backpacks, handbags, or even your pocket, ensuring you have access to reliable power at all times.
- 2. Built-in Carabiner Hook:** The integrated carabiner hook allows you to easily attach the power bank to your bag or belt loop. This feature provides extra portability, so you can keep your power source handy while freeing up your hands for other activities.
- 3. Type-C Charging:** The OneGear power bank features a Type-C port, ensuring fast and efficient charging. This modern charging standard allows you to quickly power up your devices, saving time and ensuring you stay connected on the go.
- 4. Arc Lighter:** A built-in arc lighter is a practical addition for those in need of a quick, reliable flame. Whether you're camping, hiking, or simply need to light something on the spot, this feature ensures you're always prepared.
- 5. Adjustable Brightness:** The flashlight function on this power bank offers adjustable brightness, allowing you to customize the light intensity based on your needs. From dim lighting in a tent to a powerful beam in dark conditions, this feature ensures you're always equipped with the right level of illumination.

## Charging Guide

- 1. Charging the Power Bank:**
  - a.** First, connect the power supply or power adapter to the power bank.
  - b.** Then, plug the charging cable into the input interface of the PORODO outdoor portable power bank to begin charging.
- 2. Charging Your Device:**
  - a.** Connect the data cable to your digital device first.

**b.** Next, plug the other end of the cable into the output interface of the PORODO outdoor power bank to start charging your device.

## Safety Precautions

- 1.** Separate the equipment from the power supply before cleaning. Do not use liquid or foam cleaning solutions; instead, wipe with a cloth.
- 2.** When installing, place the equipment on a stable surface to prevent damage caused by falling.
- 3.** If using a power adapter, ensure it is a compatible model with CCC certification and meets standard requirements.
- 4.** Before charging, confirm the voltage of the power supply.
- 5.** Do not place any objects around the power supply to ensure proper heat dissipation.
- 6.** Never pour liquid into the device to avoid the risk of fire or electric shock.
- 7.** This device cannot be disassembled arbitrarily. Only qualified personnel should perform any disassembly.
- 8.** Do not expose the product to temperatures exceeding 25°C as this may damage the equipment.
- 9.** Ensure the product is used in environments with non-tropical climates and under safe temperature and humidity conditions.
- 10.** Do not expose the product to fire, water, or corrosive liquids.
- 11.** If the product shows severe swelling, discontinue use immediately.
- 12.** Avoid using the device in high-temperature or high-humidity environments.
- 13.** The product is unsuitable for use after immersion in water. It is not recommended for children to use this product.
- 14.** If any electrical or mechanical issues are detected, discontinue use immediately and contact the dealer.
