Product Overview

The Porodo Lifestyle Stargate Lamp offers an immersive and dynamic lighting experience, featuring multiple light modes and a built-in Bluetooth speaker for enhanced atmosphere. It comes with a smart remote control for convenient operation and a timer and auto shut-off function for added convenience. The lamp's white noise options help create a calming environment, and the stargate-inspired design brings a futuristic touch to any room. With its durable construction and easy setup, this product is perfect for those looking to elevate their space with both style and functionality.

Specifications

Rated Voltage	5V/2A
Light Modes	8 Modes
Charging Interface	Type-C
Remote Control Range	5m
Working Temperature	10°C ~ 40°C
Product Size	100 x 190 x 203mm
Product Weight	880g
Model Number	PDSGPTR3WS

Product Features

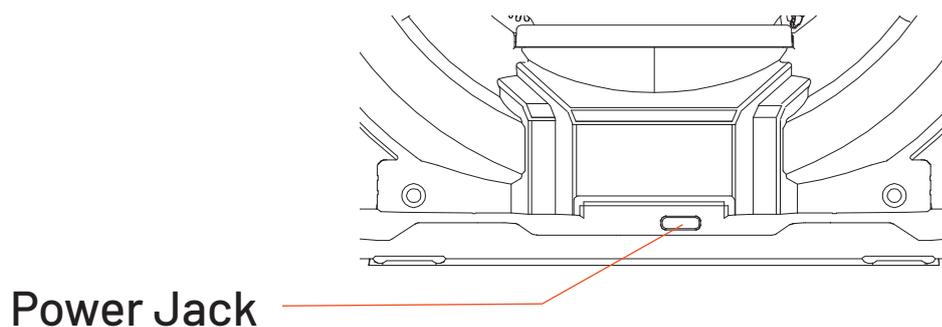

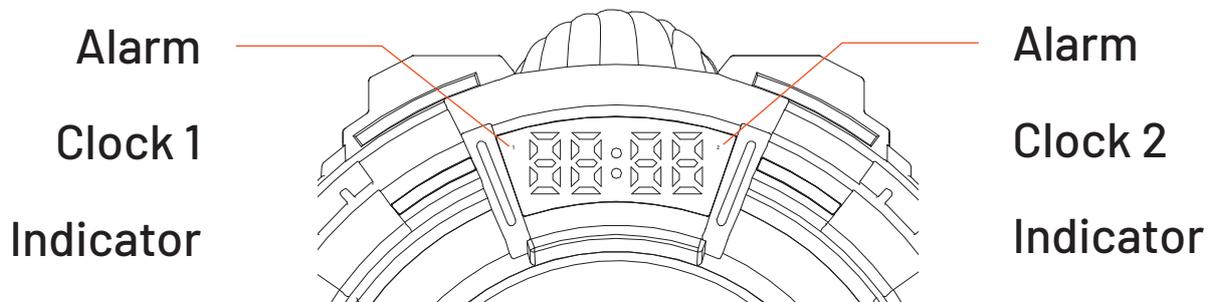

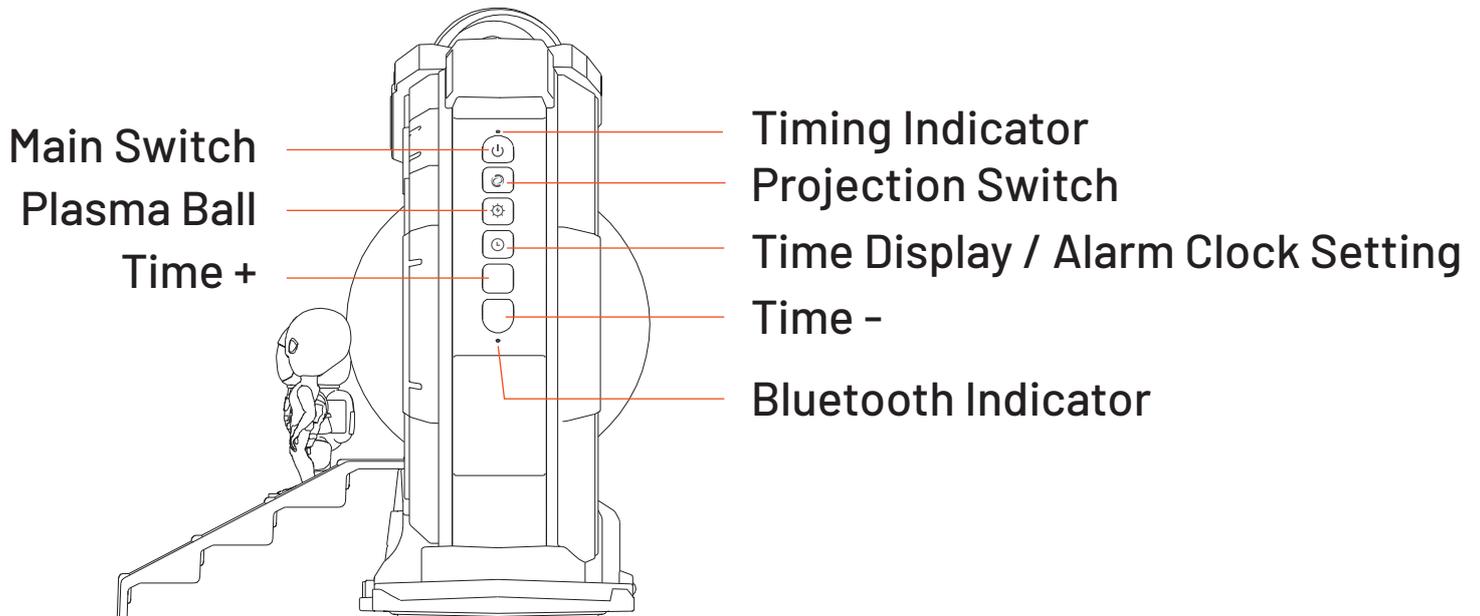

- 1. Dynamic Light Modes:** Choose from various light settings to create the perfect ambiance.
- 2. Built-in Bluetooth Speaker:** Play your favorite tunes directly from the lamp via Bluetooth.
- 3. Timer & Auto Shut-Off:** Set a timer for automatic shut-off, ensuring energy efficiency.
- 4. Immersive Stargate Design:** A unique, futuristic design inspired by the Stargate, adding a striking visual element to your room.
- 5. White Noise Options:** Enjoy calming white noise options to help you relax or sleep.
- 6. Smart Remote Control:** Easily control the lamp's settings with the included remote.
- 7. USB-C Charging Interface:** Convenient and fast charging with a modern Type-C port.

Safety Precautions

- 1. Maintain a safe distance of at least 20 cm from other electronic devices to prevent electromagnetic interference (EMI) from causing malfunctions.**
- 2. Avoid looking directly at the light source, as its intensity is high.**
- 3. The light source is non-replaceable. Once it reaches the end of its life, the entire lamp should be replaced.**
- 4. To extend the product's lifespan, a pre-programmed 2-hour auto-shutdown function has been included.**
- 5. The Plasma Ball is made of glass and is susceptible to breakage. Handle with care to avoid impacts during operation.**
- 6. Astronaut and alien figurines can be positioned along the staircase for optimal visual impact.**

7. Ensure that structural components are aligned with the mounting slots as shown in the schematic diagram.

Product Design

Operation Instructions

1. Power Requirements:

- a. The device requires a power cord for operation.
- b. Use a 5V=2A adapter for the power supply. Avoid connecting directly to a USB port, as this may cause the device to shut down due to insufficient power.

2. Main Switch:

- a. Short-press to turn on the device. The Projection Lamp, Ambient Light, Plasma Ball, and Bluetooth Mode will automatically turn on.
- b. Short-press again to switch to White Noise Mode.
- c. Long-press to turn off the device.

3. Projection Switch:

- a. The Projection Lamp will automatically turn on when the device is powered on.
- b. Each time you press the button, the projection color will change. After a cycle, it returns to the default color.
- c. Long-press to turn off the projection.
- d. Short-press to turn on the projection lamp again.

4. Plasma Ball:

- a. The Plasma Ball will automatically turn on when the device powers up.
- b. Long-press to turn off the Plasma Ball.
- c. Short-press to turn on the Plasma Ball function.

5. Time Display & Alarm Settings:

- a. Short-Press the button (ⓘ) to enter the Time Display Settings state. In this state, press the button again to adjust the Hour/Min selection. Settings are confirmed automatically after 10 seconds of no input.
- b. Long-press the button (ⓘ) to enter the Alarm Settings state, indicated by the alarm symbol blinking on the display. In this state, press the button again to select time options: ON/OFF for Alarm, and Hour/Min Setting.

6. [ON/OFF Alarm]:

Press the button (T+/T-) to turn the alarm ON or OFF in the display screen. ON indicates the alarm is activated, while OFF indicates the alarm is deactivated.

7. [Hour/Min Setting]:

Press the button (T+/T-) to adjust the time display.

8. [Alarm Tone Selection]:

Press the button (T+/T-) to select the Alarm Tone. After confirming the alarm sound, short-press the button (ⓘ) again to finalize the alarm tone configuration.

9. Time Settings:

a. Time+: In Time Display Settings and Alarm Settings state, short-press the button for adjusting the time display.

b. Time-: In Time Display Settings and Alarm Settings state, short-press the button for adjusting the time display or selecting an alarm tone.

10. Timing Indicator:

When you press the remote control timing button, the indicator lights up and cancels the time set when the indicator turns off.

Bluetooth Connection

1. Bluetooth Indicator:

a. When Bluetooth is on, the indicator is lit.

b. When Bluetooth is not paired, the indicator blinks.

c. The indicator remains on after a successful pairing.

d. When Bluetooth is turned off, the indicator is off.

2. How to Connect:

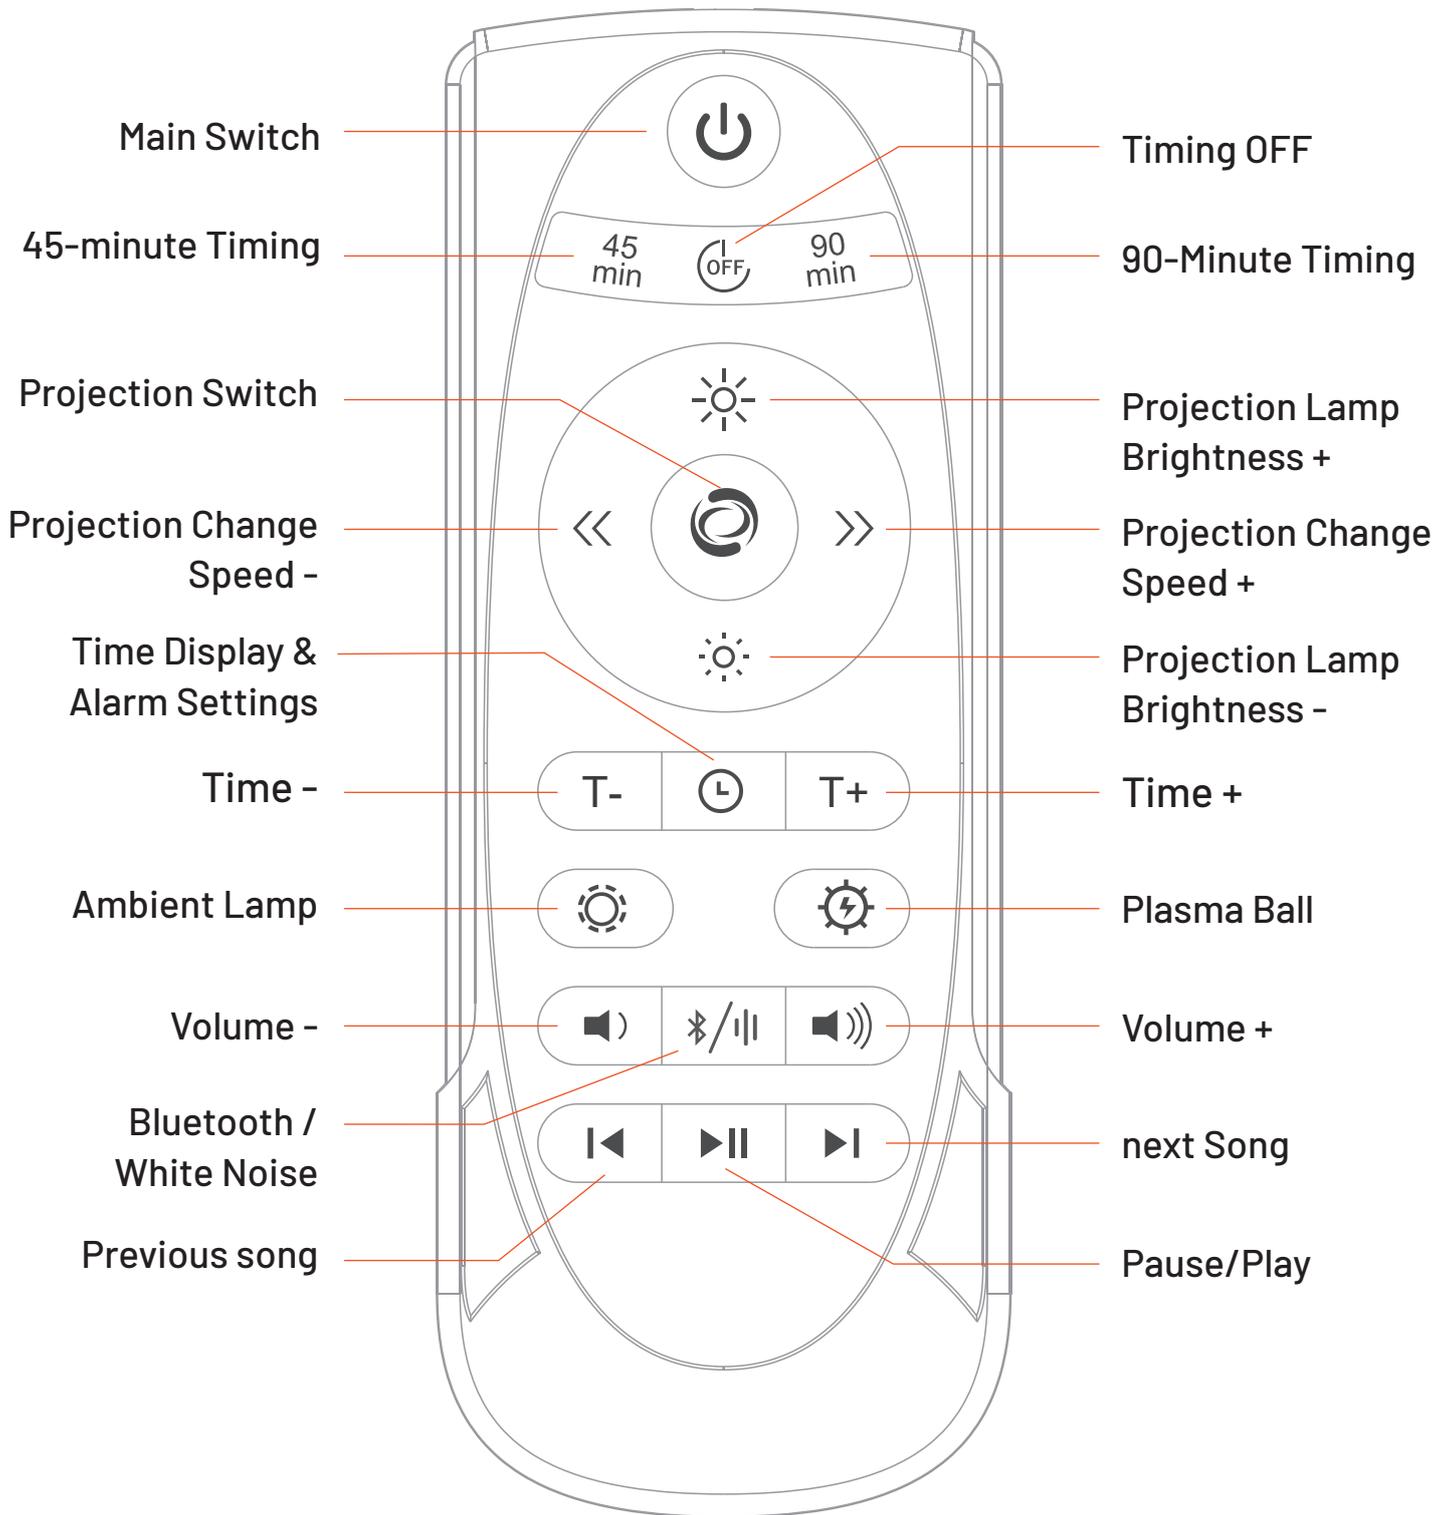

a. Turn on the Bluetooth function of the device. The indicator will start blinking.

b. On your phone, enable Bluetooth and search for available devices.

c. Select "Stargate" when it appears in the list.

d. Once selected, a successful connection tone will play, and the indicator will blink normally, indicating that the connection is established.

Remote Control Instructions

1. Main Switch: Press the button to turn the device on. The Projection Lamp, Ambient Light, Plasma Ball, and Bluetooth Mode will turn on automatically when the device powers on. Press the button again to turn it off.

2. Timing OFF: Press this button to cancel the Automatic Turn Off function.

- 3. 45-Minute Timing:** Press this button to activate a 45-minute countdown. You'll hear a confirmation beep, and the timing indicator will light up blue.
- 4. 60-Minute Timing:** Press the button to activate a 60-minute countdown. You'll hear two confirmation beeps, and the timing indicator will light up red.
- 5. Projection Switch:** Press this button to switch the projector's color. After a cycle, it returns to the default color. Long press to turn off the projection. Press again to reopen the projection lamp after turning off.
- 6. Projection Change Speed:** Adjust the projection speed across 5 levels (4-0), where Level 0 indicates static display, and Level 4 represents the maximum speed. Default setting is Level 2. Press the button to decrease the speed by one level.
- 7. Projection Lamp Brightness:** The projector offers 5 adjustable brightness levels, with the default set to the median level (Level 3). Press the button to adjust brightness by one level.
- 8. Time Display & Alarm Settings:**
- a.** Short-press to enter Time Display Settings.
 - b.** In this mode, press the button again to adjust the Hour/Min settings.
 - c.** After 10 seconds of no input, settings are confirmed automatically.
 - d.** Long-press the button to enter Alarm Settings.
 - e.** In this mode, press the button to adjust the alarm and time display.
- 9. ON/OFF Alarm:** Short-press the button to activate or deactivate the alarm.
- 10. Hour/Min Setting:** Short-press the button to adjust the time display.
- 11. Alarm Tone Selection:** Short-press the button to select an alarm tone. After selecting, press again to finalize the alarm clock configuration.
- 12. Ambient Lamp:** The ambient lamp turns on automatically when you power on the device. Short-press to change the ambient lamp color. Long-press to turn off the ambient lamp function.
- 13. Plasma Ball:** The Plasma Ball turns on automatically when you power on the device. Long-press to turn off the Plasma Ball. Press again to turn it on.
- 14. Volume:** Press this button to decrease the volume. When playing audio, press again to increase the volume. A prompt will appear when reaching the maximum volume.

15. Bluetooth/White Noise: Device starts in Bluetooth mode. Short-press the button to switch to White Noise Mode. Long-press the button to turn off White Noise.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

Warranty

Products that you buy directly from our **Porodo** website or shop come with a 24-month warranty.

When you buy **Porodo** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at **porodo.net/warranty** and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
