Specifications

Input	5V/0.5A
Rated Power	5W
Battery Capacity	2800mAh
Brightness	300LM
Working Time	8H
Charging Time	3H
Coverage	150m
Charging Interface	USB-C
Material	Aluminum Alloy
Product Size	30 x 70 x 180mm
Product Weight	155g
Model Number	PDA90502

Product Overview

The Porodo Lifestyle BIRCH 300 Wooden LED Flashlight combines functionality and sleek design, offering reliable performance in various lighting conditions. Featuring a powerful ultra-bright beam, it provides up to 150 meters of coverage, ensuring visibility in the darkest environments. With an impressive 300 lumens of brightness, this flashlight is ideal for outdoor activities, camping, or emergency use. Designed with a durable aluminum shell for extra resilience and a unique wooden exterior, it offers a modern yet robust look. The flashlight is equipped with multi-mode operation, allowing you to adjust settings based on your needs, while its 8 hours of working time ensure extended usage for any task at hand. Whether you're lighting up the night or simply seeking a dependable light source, the BIRCH 300 delivers everything you need in a compact and stylish package.

Key Features

- 1. Ultra-bright beam:** 300 lumens for clear visibility.
- 2. coverage (150m):** Ideal for long-range lighting.
- 3. Durable Shell:** High-strength aluminum alloy shell with an electroplated finish for enhanced strength, lightness, and pressure resistance.
- 4. Long-lasting Battery:** Built-in 18650 lithium-ion rechargeable battery, capable of over 500 charge-discharge cycles.
- 5. Energy-efficient LED Beads:** High-brightness, concentrated LED lamp beads that are energy-saving, environmentally friendly, and long-lasting.
- 6. Low Power Consumption:** Designed to consume minimal power while maintaining high brightness.
- 7. Reliable Charging:** Includes a standard 5V charging cable, ensuring safety and reliable performance.

Charging Instructions

1. Charging Time Limit:

The charging time should not exceed 24 hours. Prolonged charging can overheat the components and reduce battery efficiency. Always monitor charging sessions carefully and never leave the device charging unattended for extended periods.

2. LED Light and Battery Protection:

During usage, the LED light may dim when the battery is nearing a discharge state. If this occurs, the device should be immediately stopped and placed on charge to avoid further discharge. Recharging the device at this point is crucial to prevent battery damage.

3. Charging Conditions:

Do not charge the product when the LED light is completely dim or dark, as this indicates the battery is very low and may be susceptible to damage. For optimal battery health, it is important to recharge the device as soon as the LED light dims.

Safety Precautions

- 1.** Avoid shining the charging light directly into the eyes to prevent any risk to vision.
- 2.** Children should use the device under adult supervision at all times.
- 3.** Do not operate the product while it is charging, as this could potentially damage internal components or the LED. Always allow the device to charge without use for optimal protection.
- 4.** To ensure longevity, the device should be used regularly. If it is not used frequently, recharge it every three months to maintain battery health. Failure to do so may result in reduced battery life and performance.
- 5.** Avoid placing the device near flammable or explosive materials, and do not attempt to replace parts without proper authorization.

6. The company does not assume responsibility for any damages or adverse effects arising from non-compliance with the above safety instructions.
7. If the flashlight is not water-resistant or waterproof, avoid using it in damp environments to prevent damage or electrical hazards.
8. Always handle the flashlight with care. Avoid dropping or striking it against hard surfaces, as this can damage the internal components or cause the lens to crack.
9. When not in use, store your flashlight in a secure, dry place away from excessive moisture, heat, and direct sunlight to maintain its longevity and performance.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

Warranty

Products that you buy directly from our **Porodo** website or shop come with a 24-month warranty.

When you buy **Porodo** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at **porodo.net/warranty** and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
