Product Overview

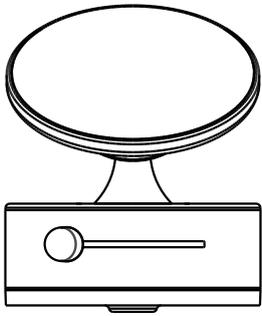

The Porodo MULTI-SURFACE MagSafe Phone Mount offers an innovative solution for hands-free phone usage in your car, home, or office. Designed for maximum convenience, it provides a strong magnetic hold, ensuring a secure grip for your device. With its adjustable viewing angle, you can easily rotate and customize the position for optimal comfort. The Grip-Lock Toggle mechanism offers added security by ensuring the mount remains firmly in place, even with frequent adjustments. Its One-Touch Lock system makes installation quick and effortless, giving you confidence in every use. Whether you're navigating, charging, or simply keeping your phone accessible, the Porodo Multi-Surface MagSafe Phone Mount is the perfect choice for modern mobile users.

Specifications

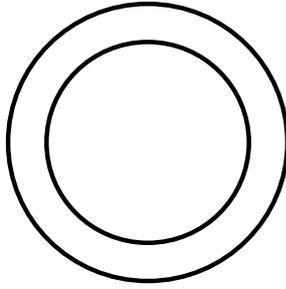

Material	ABS, PC, Aluminum Alloy, TPE
Magnet Type	N52
Adsorption Capacity	1.5kg
Product Size	59 x 58x 65mm
Product Weight	98g
Model Number	PDHSM37

Package Contents

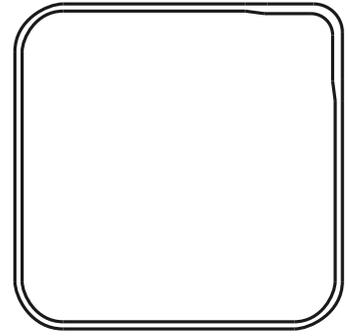

- 1. Suction Cup Bracket:** This is the main mounting bracket featuring a strong suction cup for secure attachment to smooth surfaces.
- 2. Magnetic Attraction Plates (2 pieces):** Two magnetic plates designed to ensure a secure hold and easy placement by attracting metal parts.
- 3. Square Mounting Piece:** A square-shaped component that allows for proper alignment and installation within the system.

Schematic View

1. Magnetic Attraction Module

This component ensures a secure connection using magnetic force, providing stability and convenience for easy attachment and detachment.

2. Rotating Ball Head

The rotating ball head allows for adjustable angles and precise positioning, offering enhanced flexibility for optimal use.

3. Toggle Switch

The toggle switch enables smooth and reliable operation, allowing users to easily turn the device on or off.

4. Suction Cup Base

The suction cup base provides a firm grip on smooth surfaces, ensuring the device stays securely in place during use.

Usage Instructions

- 1. Remove the suction cup film:** Carefully peel off the protective film from the suction cup and place it on a clean, flat surface such as a desktop or another suitable area.
- 2. Engage the suction mechanism:** Slide the toggle switch to the right to activate the suction. This will cause the suction cup base to firmly adhere to the surface. To release, slide the switch back to the left.
- 3. Peel off the upper cover film:** Remove the protective film from the top cover to expose the surface for use.
- 4. Ensure compatibility for magnetic use:** The product is designed for use with both magnetic surfaces and the metal surface of a mobile phone equipped with a magnetic ring. This ensures secure placement for your device.
- 5. Adjust the angle:** Rotate the product's head to the desired angle to achieve the optimal positioning for your phone or device.

Safety Precautions

- 1. Secure Placement:** Ensure the holder is securely attached to a flat and stable surface. Avoid mounting it in areas where it could be easily knocked off, which could cause damage to the phone or holder.
- 2. Proper Phone Mounting:** Ensure your phone is correctly aligned and securely placed on the magnetic holder to prevent accidental falls or dislodgement while driving or in motion.
- 3. Avoid Overloading:** Do not exceed the holder's weight capacity. This could cause the magnet to lose strength over time or make the phone unstable, leading to potential damage.
- 4. Cleaning and Maintenance:** Keep the magnetic surface clean and free from debris. Dust or dirt can weaken the magnetic force and reduce its holding capacity.
- 5. Avoid Extreme Temperatures:** Do not expose the magnetic holder to extreme temperatures (e.g., direct sunlight in the car for extended periods) as it could weaken the magnet or damage the holder.
- 6. Regular Inspection:** Periodically check the holder for wear and tear, ensuring it remains securely fastened and that the magnet is functioning properly.

7. Use for Intended Purpose: Only use the magnetic holder for its intended purpose of holding a phone. Avoid using it for any objects not designed to be attached to the magnet.

8. Do Not Disassemble or Repair: Do not attempt to disassemble, puncture, or repair the magnetic holder. The internal components and magnets may be damaged, posing a safety risk or reducing the effectiveness of the holder.

9. Keep Away from Children: Keep the magnetic holder out of reach of children. Small magnets or parts may pose a choking hazard if swallowed, and children may accidentally damage the holder or its components.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

Warranty

Products that you buy directly from our **Porodo** website or shop come with a 24-month warranty.

When you buy **Porodo** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at **porodo.net/warranty** and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
