Product Features

- 1.** The Porodo 3-in-1 Mount Kit offers the flexibility to mount your phone in three different ways—on your air vent, dashboard, or windshield. This ensures that you can easily find the perfect position for your phone based on your car’s layout and your personal preference.
- 2.** The mount is equipped with an adjustable viewing angle, allowing you to position your phone horizontally or vertically. This feature is ideal for navigation, hands-free calls, or media viewing, ensuring that you always have the best view while driving.
- 3.** With a strong, reliable grip, the Porodo Mount ensures your phone stays securely in place, even during bumpy or uneven road conditions. The mount’s stability minimizes any risk of your phone falling or shifting, keeping your device safe and accessible.
- 4.** The phone holder is designed for one-hand operation, allowing you to easily place and remove your phone from the mount with a simple gesture. This convenient feature ensures that you can manage your phone without distractions, keeping you focused on the road.
- 5.** The kit comes with an additional air vent mount, offering even more flexibility for positioning your phone. Whether you prefer the dashboard, windshield, or air vent, this accessory ensures that your phone is always within reach.
- 6.** The mount is designed to be compatible with most smartphones, making it a versatile solution for various devices. Its adjustable width accommodates a wide range of phone sizes, ensuring a snug and secure fit.
- 7.** Crafted with high-quality materials, the Porodo 3-in-1 Mount Kit is built to last. Its sturdy construction ensures longevity, even with regular use in different environmental conditions, such as temperature changes or humidity.
- 8.** The mount features a simple installation process that does not require any tools or complicated procedures. Just attach it to your desired surface, and you’re good to go. Whether it’s the air vent, dashboard, or windshield, setup is quick and hassle-free.

Safety Precautions

1. Before driving, ensure the mount is securely attached to the air vent, dashboard, or windshield to avoid any detachment while in motion.
2. Do not exceed the maximum load capacity of 1.5kg to prevent strain on the mount and ensure the device remains secure.
3. Adjust the holder to avoid obstructing your view while driving. Ensure the phone does not interfere with your line of sight to the road.
4. Periodically check the stability and condition of the mount and clamps, especially after long drives or extreme temperatures.
5. When using the air vent mount, ensure that it does not block airflow, which could affect your vehicle's climate control system.
6. Always ensure the phone is securely placed in the holder before driving. Loose phones may cause distractions or damage.
7. Avoid quick or harsh turns that may dislodge the mount or cause the phone to shift.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.
