Overview

The Porodo 360° Rotatable Car Phone Holder is the perfect accessory for a more convenient and secure driving experience. Its strong suction base keeps your phone firmly in place, even on rough roads, while the adjustable clamp width ensures compatibility with various smartphones. The 360° rotation feature provides flexible viewing angles, making it easy to adjust for navigation, media, or hands-free calls. Additionally, the holder can support two phones at once, allowing you to share content with a passenger. With its stability, versatility, and ease of use, the Porodo Car Phone Holder is a must-have for any driver.

Key Features

- 1. 360° Rotatable Design:** Adjust your phone to any angle for optimal viewing, making it perfect for navigation, media, or hands-free calls.
- 2. Strong Suction Base:** Provides a secure and stable hold, even on bumpy or uneven surfaces.

- 3. Adjustable Clamp Width:** Fits a variety of smartphones, ensuring compatibility with most devices.
- 4. Dual Phone Holder:** Mount two phones at once, ideal for sharing content or navigation with a passenger.
- 5. Easy Installation:** Quickly and easily attach the holder to your car's dashboard or windshield.
- 6. Durable and Reliable:** Built to withstand regular use, offering long-lasting performance for everyday driving.

Usage Instructions

1. Mounting the Holder:

- a.** Attach the suction cup securely to the car dashboard or windshield.
- b.** Press firmly to ensure a strong and stable hold.

2. Adjusting the Clamp:

- a.** Slide the adjustable clamp to fit your phone's size.
- b.** Ensure the clamp holds the phone firmly on both sides.

3. Adjusting the Viewing Angle:

Rotate the holder up to 360° to find the best viewing angle for your phone.

4. Dual Phone Support:

The holder is designed to hold two phones simultaneously. Simply repeat the steps above for the second phone.

5. Removing the Holder:

To remove, gently lift the suction cup from the surface. If needed, clean any residue left behind.

Safety Precautions

- 1. Secure Installation:** Ensure the holder is properly installed on the car dashboard or air vent. A firm attachment prevents the phone from falling or sliding during driving.

- 2. Avoid Obstruction:** Do not place the holder in a way that obstructs your view of the road or any critical controls in the vehicle.
- 3. Check Stability:** Regularly check the stability of the phone holder, especially after any movement or adjustment, to ensure it remains securely attached.
- 4. Phone Compatibility:** Ensure the phone holder is compatible with your phone's size and weight. Excessively large or heavy phones may cause instability.
- 5. Proper Rotation:** Adjust the phone holder gently when changing the angle to avoid damaging the mechanism or the phone.
- 6. Clean Surface:** Before attaching the phone holder, make sure the mounting surface is clean and dry to maintain a strong suction hold.
- 7. Avoid Extreme Heat:** Do not place the holder in direct sunlight for extended periods as extreme heat may affect the material and adhesive strength.
- 8. Do Not Overload:** The holder is designed to hold only two phones. Avoid placing other objects on the holder as they may damage the device or lead to instability.
- 9. No Disassembly or Repairs:** Do not disassemble or attempt to repair the phone holder. Contact customer support for any issues to avoid damaging the product or voiding the warranty.
- 10. Keep Away from Children:** Keep the phone holder out of reach of children. It contains small parts that could pose a choking hazard, and improper use could result in injury.
