Safety Precautions

- 1. Use only with compatible devices:** Ensure the device you're charging is compatible with the adapter's output to prevent any damage or malfunction.
- 2. Avoid overheating:** Do not cover the adapter or place it in a confined space while charging to ensure proper airflow and prevent overheating.

- 3. Do not use while damaged:** If the charger or cable is damaged in any way, discontinue use immediately to avoid any risk of electric shock or fire.
- 4. Avoid exposure to moisture:** Keep the adapter dry at all times. Do not use it in wet or damp conditions to prevent electrical hazards.
- 5. Keep away from children:** The adapter should be kept out of reach of children to prevent accidents, such as electrical shocks or swallowing small parts.
- 6. Use with certified cables:** Always use certified and compatible charging cables to ensure efficient charging and avoid potential damage.
- 7. Disconnect when not in use:** Unplug the charger from the outlet when not in use to conserve energy and reduce the risk of overheating.
- 8. Charge in a well-ventilated area:** Ensure the adapter is used in a well-ventilated area to allow heat to dissipate properly during operation.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.
