## Product Overview

The Powerology Raven Auto-Clamping Car Phone Mount is a reliable and versatile phone holder designed to enhance your driving experience. Equipped with a stretching arm, it allows for flexible positioning and ensures a stable phone hold. The mount features an adjustable viewing angle for optimal screen visibility and a strong suction base that firmly attaches to your car's dashboard or windshield. With 360° rotation, you can easily switch between portrait and landscape modes. The auto-clamping mechanism securely holds your phone, while one-handed operation provides ease of use, all while keeping your hands on the wheel for a safer, hands-free driving experience.

## Specifications

Model	PWRLX08
Clamp Width	5.5-9cm
Product Size	93.32 x150.8×150.8mm
Product Weight	180g

## Key Features

- 1. Flexible Stretching Arm:** The mount features an adjustable arm that stretches and pivots, providing flexible positioning of your phone. Whether you prefer to have your phone at eye level or a lower position, you can easily modify the angle for a comfortable view and reduce distractions while driving.
- 2. Strong Suction Base:** Equipped with a powerful suction base, this phone mount attaches securely to your car's dashboard or windshield. Its strong grip ensures that the mount stays firmly in place, even on bumpy roads, providing a reliable hold without the risk of falling off.
- 3. Rotation:** The mount offers full 360° rotation, allowing you to adjust your phone's orientation to suit your preference. Whether you need a landscape view for navigation or a portrait view for calls, this feature gives you the freedom to switch between different modes effortlessly.
- 4. Auto-Clamping Mechanism:** The auto-clamping feature ensures that your phone is securely held in place with minimal effort. The mount automatically grips your device, offering a stable hold while driving. This provides peace of mind, knowing your phone will remain safely mounted throughout the journey.
- 5. One-Handed Operation:** Designed for convenience, the Raven Auto-Clamping Car Phone Mount enables easy, one-handed operation. With just a simple press, you can place or remove your phone without needing to hold onto it, making it a practical and safe option for drivers who need quick access to their device.

## Safety Precautions

- 1.** Before driving, make sure the suction base is securely attached to the dashboard or windshield. The mount should not be loose, as this could cause it to fall off during travel and distract the driver.
- 2.** Ensure that the phone mount is only used to hold devices that are within the specified size and weight limits. Overloading the mount can cause it to lose its grip and result in a dropped phone, leading to potential damage or distractions.
- 3.** Avoid positioning the mount in a way that obstructs your view of the road or the vehicle's controls. The phone should be placed in an easily accessible spot without impairing the driver's visibility or focus.
- 4.** Periodically check the suction base for any dust, dirt, or debris that may weaken its grip. Clean the surface and the mount regularly to ensure a strong, secure hold.
- 5.** Avoid leaving the mount in extremely hot or cold environments (e.g., direct sunlight for extended periods) as this may affect the suction base or the mount's components. If needed, remove the mount when the vehicle is not in use.
- 6.** Before inserting your phone, ensure that the auto-clamping mechanism is functioning properly. The clamps should hold your device firmly to avoid sudden movements or dislodging.
- 7.** While the mount is designed for easy, one-handed operation, always prioritize safe driving practices. Avoid interacting with your phone while driving and ensure it is securely mounted before starting your journey.

## Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

## **Warranty**

Products that you buy directly from our **Powerology** website or shop come with a 24-month warranty.

The 24-month warranty applies to products purchased directly from our **Powerology** website or store. If **Powerology** products are bought from any of our verified retailers, then the product is eligible for only a 12-month warranty. To extend your product's warranty, visit our website **powerology.me/warranty** and fill in your details in the provided form along with an uploaded picture of the product to process your request. Once approved, you will receive a confirmation email of the extended product warranty. Upload the required information within 48 hours of purchase to be eligible for a 24-month warranty period.
