Product Overview

The Powerology SnapMount MagSafe Car Holder is a reliable and convenient solution for safely mounting your device while driving. Featuring powerful N52 magnets, it ensures a strong and secure magnetic hold for MagSafe-compatible devices. The holder offers flexible 360° rotation, allowing you to adjust your device's position to either horizontal or vertical for the ideal viewing angle. With its adjustable viewing angle, it provides a customizable and comfortable setup for any journey. The SnapMount attaches easily to your car's air vent, offering stability and easy access to your device. Designed for one-handed operation, this car holder is ideal for enhancing your driving experience while keeping your device safe and easily accessible.

Specifications

Model	PWS6M09
Magnet Type	N52
Product Weight	75g
Product Size	57×69.5× 125.5mm

Key Features

- 1. Powerful N52 Magnets:** This product provides a strong and stable magnetic hold for MagSafe devices.
- 2. Rotation (360°):** Allows for flexible positioning in any direction.
- 3. Horizontal & Vertical Orientation:** Choose the best angle for your view, whether in landscape or portrait mode.
- 4. Adjustable Viewing Angle:** Customize your device's angle for optimal visibility.
- 5. Secure Air Vent Clip:** Easily attaches to the air vent for a stable and accessible mount.
- 6. One-Handed Operation:** Simplifies use while driving for a safe, hands-free experience.

Safety Precautions

- 1. Secure Placement:** Always ensure that the car holder is securely attached to the air vent before mounting your device. A loose attachment can result in the holder becoming unstable and distracting you while driving.
- 2. Avoid Overloading:** Do not attach devices that exceed the recommended weight or size for the holder. This can lead to damage to both the holder and the device, as well as compromise stability during use.
- 3. Positioning Device:** Ensure the device is properly aligned and firmly attached to the magnetic mount before driving. A poorly attached device may slip off during sudden movements or bumps in the road.

- 4. Distraction-Free Driving:** While the SnapMount is designed for one-handed operation, avoid adjusting the device while driving. Always make adjustments before you start your journey or when the vehicle is stationary to maintain full attention on the road.
- 5. Regular Checks:** Periodically check that the magnetic hold remains strong and that the device is securely mounted. Environmental factors such as heat or humidity may affect the strength of the magnets.
- 6. Avoid Blocking Air Vents:** Ensure that the holder does not obstruct the airflow from your car's air vents, as this could affect the effectiveness of your vehicle's climate control system.
- 7. Avoid Direct Sunlight:** To prevent overheating, avoid placing your device in direct sunlight through the car's windshield. This could potentially cause damage to the device or interfere with its performance.
- 8. Keep Out of Reach of Children:** To prevent accidental injury or damage to the device, always keep the car holder and mounted device out of reach of children. Avoid letting children handle or play with the holder.
- 9. Do Not Repair or Disassemble:** For your safety and to maintain the integrity of the product, do not attempt to repair or disassemble the SnapMount. Unauthorized repairs or modifications can lead to malfunction or damage.
- 10. Avoid Puncturing:** To ensure the holder remains in good working condition, avoid puncturing or applying excessive force to any part of the device. This could cause damage to the magnetic components or the structure of the holder.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

Warranty

Products that you buy directly from our **Powerology** website or shop come with a 24-month warranty.

The 24-month warranty applies to products purchased directly from our **Powerology** website or store. If **Powerology** products are bought from any of our verified retailers, then the product is eligible for only a 12-month warranty. To extend your product's warranty, visit our website **powerology.me/warranty** and fill in your details in the provided form along with an uploaded picture of the product to process your request. Once approved, you will receive a confirmation email of the extended product warranty. Upload the required information within 48 hours of purchase to be eligible for a 24-month warranty period.
