SKU: PB-RGBSL

Table of Contents

# Product Overview

The Porodo Blue RGB Light Strip is a versatile lighting solution designed to enhance any space with vibrant, customizable colors. Featuring sound-reactive lighting, it syncs with music and ambient sounds for an immersive experience. The strip can be easily controlled via remote, allowing users to adjust brightness, color, and effects conveniently. Additional features include a timer function for scheduled lighting and adjustable length options to fit different setups, making it perfect for home décor, parties, or gaming environments.

6. Sound Reactive Modes

7. Power On and Off

8. Brightness adjustment (25%, 50%, 75%, Full)

9. Quick/Slow Flash Setting
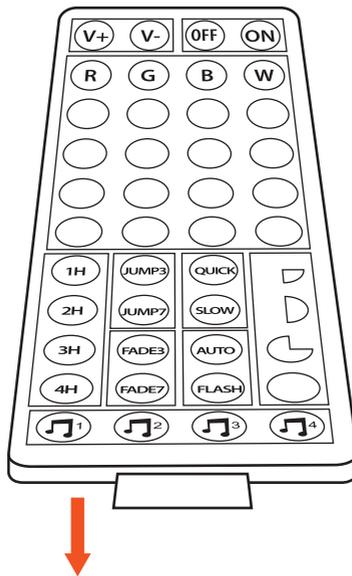

10. Automated or Flash Setting

Setup Guide

A. Set Up Remote Control:

Remove the tab from the battery compartment of the remote.

Remote control battery

Note: The remote control comes with 3V battery installed. If you need to replace the battery (CR2025 3V battery) compartment is located on the narrow side of the remote.

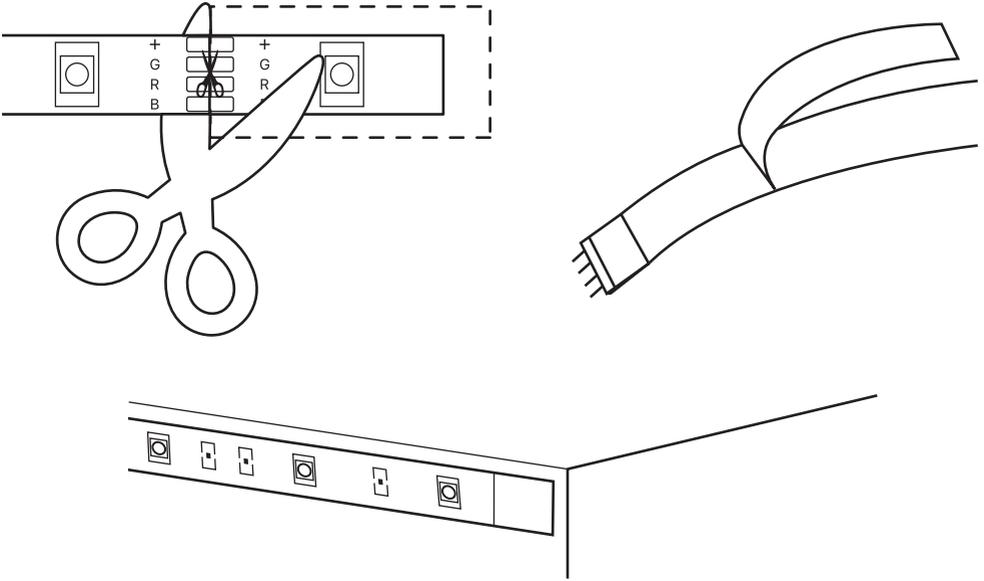

Note: Be sure to point the remote control towards the Infrared Control box. For best performance do not hide the control box behind large furniture or other obstacles.

B. Strip Light Installation:

Cut LED strip at the marked location and dispose of the unwanted strip. Be sure the power is off before cutting.

Note: After cutting strip, the remaining portion will not work.

Peel off backing making sure to leave adhesive intact.

Be sure to clean the surface you intend to install the strip lights on. Peel off the adhesive backing, making sure to not remove the actual adhesive. Press and firmly hold the light strip in place for 30 seconds.

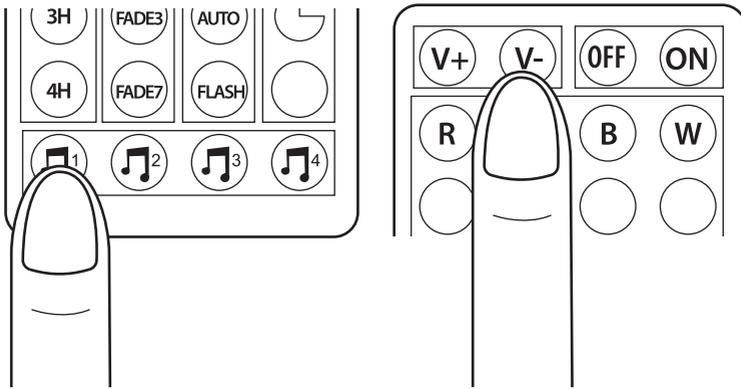

Note: Not all surfaces have the same textures and some surfaces may require additional support to hold up the strip lights.

Sound Reactive Mode

Sound reactive mode will allow the lights to react to the sounds in the room.
To activate sound reactive mode press one of the 4 sound reactive buttons at the bottom of the remote.
Use the V+ and V– buttons to adjust the sensitivity of the sound reactive microphone.
Note: The sound reactive light show depends on the volume and distance of the music from the control box.

FCC Statement

1. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference; and

(2) This device must accept any interference received, including interference that may cause undesired operation.

2. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates and can radiate radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for assistance.

RF warning statement:

The device has been evaluated to meet general RF exposure requirements. The device can be used in portable exposure conditions without restriction.

Disposal

This product must not be disposed of as unsorted household waste. It is important to separate such waste for proper treatment and recycling, in compliance with local waste management regulations.

Warranty

Products that you buy directly from our **Porodo** website or shop come with a 24-month warranty.

When you buy **Porodo** products from any of our approved sellers, you only get a 12-month warranty. If you want to extend this warranty, go to our website at **https://www.porodo.net/warranty** and fill out the form with your information. Don't forget to upload a picture of the product too. After we've checked and accepted your request, we'll send you an email to confirm that your product's warranty has been extended.
